DR. AVERY ALBERT SHAW

President

It was a great honor to Denison when Dr. Shaw was elected president of the Northern Baptist Convention this year. He spends a great deal of his time in travel, speaking in Baptist churches all over the country. Dr. Shaw has succeeded in creating a great interest in Denison in this way.

Dr. Shaw was an avid fan of the Denison football team this year. He missed very few games, and when he did he sent the players letters of encouragement before the game. It was largely due to his influence that the much needed repairs on the stadium were carried through.

Dr. Shaw is a true embodiment of the Denison spirit, always friendly and cheerful, and ready at any time to offer his hospitality and advice to Denisonians.

DR. ALBERT AVERY SHAW

A.B., Acadia, 1892; A.M., 1895; Gra. Colgate-Rochester Divinity School, 1896; D.D., Acadia, 1915; LL.D., McMaster and Bucknell, 1928; D.C.L., Acadia, 1928.

Dr. Detweiler
Dean of Men

Miss Olney
Dean of Women

EXECUTIVE COOPERATION

Without the personal guidance of Denison's Deans, Denison students would lack a great deal of the character development they receive here. By his personal example and a strict and judicous enforcement of the Regulations of the University, Dr. Detweiler has consistently won favor among the men students at Denison. By his kindly reasoning he has brought many to see the logic of his attitude on student matters.

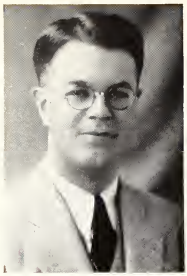

Miss Olney has shown considerable wisdom and tact in her management of the problems arising in her department. By ratifying several new rules, brought to her attention by petitions from the women, she has kept Denison abreast of the times. Sophomores are now allowed to ride in cars, and senior women are allowed to drive their own cars, after Spring vacation this year. This tolerant attitude has found favor among the members of Shepardson college.

Denison is indeed fortunate in having two such Deans as these. Dr. Detweiler assumed his duties as Dean in the fall of 1926, and for the past years has been serving in that capacity. He received his B. D. from Colgate-Rochester divinity school in 1908. In 1917 he received his A. B. from Denison and his A. M. in 1919.

Dr. Detweiler is interested personally in every Denison man, and has done a great deal toward vocational guidance with the seniors.

Miss Olney came to Denison in the fall of 1931 and is now completing her fourth year as Dean. She received her B. S. at Denison and then went to Columbia for her A. M. degree. Her routine duties consist in advising incoming freshmen in curricula. Her vocational advice is enthusiastically sought after by upperclass women. Intelligent cooperation with the Women's Student Government is one of the policies of the Dean's office and the success in this line has been notable.

Don Fitch, *Registrar*

Al Johnson, *Bursar*

THE ADMINISTRATIVE OFFICES

Next in importance to the Deans' Offices are the departments of Administration. Al Johnson, Bursar, has done a great deal for Denison. His management of Student Aid funds has helped many student over the rough spots. Major credit for the actual financial management of the work on the stadium last summer, as well as the installation of the lighting system goes to Al Johnson. He took a very active interest in the football season last year and members of the team are indebted to him. This year Mr. Burt Hodges was added to the Bursar's staff, as Assistant Bursar, to lighten the load of balancing the school's financial problems. Miss Martha Geach and Mrs. Mabel Dudley complete the bursar's staff.

The task of handling over 700 students' courses of studies is no child's play and only a staff such as Registrar Don Fitch has organized could hope to manage

the situation. Two new assistants are in the office, this year: Miss Mildred E. Lindsey and Marie E. Lein. The Registrar's busy time comes twice a year at Registration.

"Rock" Williams' hospital staff enjoys a large patronage by the student body. Nurses Hopkins and Patten dispense cheerful remedies to unwell students all year around; the majority of cases are colds, coughs and minor ailments. The hospital finds itself fairly well filled up during football season with an occasional broken bone case.

Business policies of the University originate in the Office of Clarence D. Coons, business manager, while Clarence M. Eddy is director of Admissions.

Others in the Administration department are: John Bjelke, alumni secretary, Mrs. Eugene Wolf, his assistant; Mrs. Earl Wells, director of dining halls; Miss A. L. Craigie, head librarian and Mrs. George Grogan and Miss Sarah Davis, assistants; Miss Marjorie Wellman, Secretary to the president; and Mrs. Elizabeth Biggs, matron of the Dormitories.

Class of 1936

This book is published by the class of 1936 . . . The class of 1936 sponsored the annual Junior Prom . . . Seventeen juniors made letters this year in athletics . . . Every manager of a major sport was a junior . . . Junior men and women are prominent in dramatics . . musics . . debate . . . journalism, a Junior is elected Editor of the Denisonian . . . well read for yourself.

George Ashbrook is one of the leading candidates for basketball captain next winter. He was also business manager of this volume. Bennett Austin spends a great deal of his time with Jill, but manages to help out the Fiji intramural program . . . Kenneth Alban plays in the band and the orchestra; is one of the mainstays of the BK intramural new deal and is a member of Blue Key and the Interfraternity Council . . . the boys at the Beta house call Edward Bordner, "Shovel". This may be a misnomer, the fact remains that Ed is the new M. S. G. A. prexy . . . Bob Acker is going to be a big help to Liv in track this spring . . . Bob Brundige, new class president is also the head man at the Upper Hash House . . . Marjory Bird is one of the more popular Chi O's . . . Paul Brady, All-American intramuralist, is always in training . . . no matter what course it is, Catherine Ball will be the star pupil . . . Frances Beggs had to leave school because of her health, but she still keeps in touch with the social set-up . . . Jo Bainer set a new mark in efficiency as manager of Cross Country this fall . . . Lauramae Barrick and Jo were among those present at the summer session . . . since the Pearse delegation died out, Mary Jane Bryan has taken a new interest in W. A. A. . . . Glee Club, ΦMA, Football, Swimming, "Journey's End", Clissold, Walter to you . . . King Boutwell finds joy in his bachelor's existence. A big gun in debate . . . Miss "Toots" Longley and the Glee Club make John Bigelow preoccupied . . . Howard Boggs should develop into a strong track and football man one of these days . . . George Blechta transferred from a Junior college near Chicago and is interested in intramurals and publications . . . Eleanor Chase spends her spare hours with Alumnus Mitchell . . . Gilbert Cole is the new prexy at the Kappa Sig house. "Columbia Lou" is also a star athlete . . . Marie Dray hails from Youngstown and is very active in chapter affairs at the A. O. Pi house . . . Agnes Darrow is upholding the family tradition, a Kappa and a member of Pan Hel and Crossed Keys . . . Vangeline Cook is a staunch supporter of W. A. A. and campus musical organizations . . . Maxine Chappalear and Herb Swisher have been going places together this spring. Max is from Newark, too . . . Walter Castle spends a good bit of time on the books and is making good in the Physics department . . . Paul Collyer distinguished himself as drum major last fall. He is a member of Masquers and is prominent in M. S. C. A. . . . the class is noted for such coeds as Jane Claypool . . . Jim Elliot is one of those quiet gents. From Newark . . . Class treasurer, John Doughty . . . Ed Dudley went to school in Chicago for a year, and broadened himself at a Y. M. C. A. last summer . . . Miriam Dickerson is very active in W. A. A. and the Glee Club . . . Stan Daniels, potential Phi Bete, is also an all-round intramural star . . . Captain "Bull-Frog's" shoes will be filled next year by Hubert Foster.

Ann Flory makes flying trips home to Newark almost every week-end . . Ruth Ford has been a class officer nearly continuously since her freshman year . . . Dorothy Fuller and Miriam Dickerson were the only Juniors to make ΦBK this year . . . Bill Fishell is one of the most prominent Phi Delt juniors on the campus . . . Dave Ferguson was one of the most promising bucketeers on the campus . . . Betty and his Ford take up most of Karl Foster's time . . . El Green is the typical All-American all-rounder college girl. She is prominent scholastically, athletically, socially and has a very sweet temperament . . . the managerial duties of bucketball were handled this year by Bill Geffine . . . Carol George brings a little ray of sunshine from Cleveland Heights to Stone's girls . . . James Goodridge is one of those quiet boys who pack a real wallop when once they get started . . . Anne Grogan is a neighbor of Choo Choo Arnold's in Parkersburg, W. Va. . . . Jill Gregory is proud of her Phi Gam pin . . . Dick Gernhardt will make an ideal president for the Lambda Chi's next year . . . Bucket J. J. Gordon is another potential Phi Bete and a stellar bucketeer as well . . . Danner Hagerstrand has an inherent ability to "get ads". This does not automatically make him a "grafter" . . . Jay Houser, the smallest man on the football team, is expecting a big season next year . . . Rebecca Harris has succeeded in putting Salem, on the map as far as Denison is concerned . . . Alice Hartman came to Denison from "Alick" and has been doing right well . . . Margaret Hopkins has a very charming falsetto voice, which has earned her a real place in Denison musical circles . . . Sally Gross likes Denison so well she persuaded her sister,Miriam to come down last fall . . . Ed Hearsey is the capable subscription manager of the Denisonian, which is one of the toughest and least rewarded jobs on the staff . . . the Thetas picked Harriet Herron to balance the chapter budget next year . . . members of El Ciculo Castellano find inspiration in the wonderful leadership of Elizabeth Hix . . . Phyllis Howard is the kind of a girl that everybody likes to have around in the dorm . . . Karl and Betty Halsey seem to get along plenty well . . . Mildred Hull doesn't always have a lot to say, but that doesn't really mean anything . . . Borghild Wathne comes all the way from New York City to enjoy the rural life . . . Frank Jacobi gave away his little Sig pin when he was elected President and got to wear that great big job . . . Al Larimer has been doing a really fine job as Arkon of the BK's . . . Denison's basketball chances were better this year when Wayne Ketner was on the team . . . Winnie Jackman left for some strange reason at semesters . . . it isn't every coed who can have two fraternity brothers bidding for head man position, but Katherine Kelly seems to manage all right . . . Margaret Lindstrom is happiest riding in a Ford after dark without lights . . . little Florence Kessinger is an all round activity girl, and quite an athlete.

Ralph Lidster is a staunch upholder of traditions such as May Day . . . Louise Mittendorf is occasionally seen with a certain Lambda Chi . . . the decorations committee for the prom included that expert, Eleanor Lapham . . . Harvey Fang Marette is proud of his championship set of ivories and his Annie . . . Mary Jane Landrum is a specialist in psychology and athletics . . . Jim Moores is absolute monarch of the lower garbage plant, that is as far as he is concerned . . . efficiency in waiting on table is Charles Le Masters' penchant . . . Bill Meier was disappointed not to make ΦBK this spring but has contented himself to what practically amounts to a straight "A" . . . Denison went into mourning at semesters when its favourite son, Bull Mohr, left for the automobile industry . . . Sally Marr and "Capt. Stanhope" have been seen together quite a bit this spring . . . Christine Matteson is a very enthusiastic worker on the Adytum staff . . . Miriam Morris is a member of TKA and a fiery debater when aroused . . . the latest rumor has it that Vivian Mercer has been going with a Sigma Chi . . . Bob Meier rates with a certain Tri Delt and handles finances for the Woogies . . . Dick Neuschel belongs to more honoraries, is engaged in more activities than any two average Denisonians . . . Frank Meunch is quite an athlete, excelling in contact games. He and Jo Sweeder took the Ping Pong championship . . . Mary Jane Nesbitt is prominent in the Franco-Calliopean society . . . back again after a year's absence, Marjory Moorehead . . . Malcolm Moshier is a super efficient referee .. . . track managership is no small job, ask Bill Meyers . . . Bernice Morris comes from way down south, so what? . . . Constance Palmer is a real Go-Getter for the Kappas . . . Ruth Punnett has distinguished herself among her sorority sisters by being elected next year's president . . . Mary Podorean has all that grace and charm that Newark belles are noted for . . . to you we fling the torch!! Don Powell is carrying on the good work done by K. Maxwell in the M. S. C. A. . . . Sam Phillips went to Colgate for a year, but he finds things to interest him in debate and dramatics right here . . . Bill Paige has been taken for quite a ride by the fearless Moron's colyumn this year, but it doesn't bother him . . . Anne O'Neil has a firm hold on the Pelican, so they say . . . Edson Rupp is one of those demon Granville gridders making good at D. U. . . . no one ever heard of Gomer, Ohio, until Martha Robuck came to Denison and now it is practically a household word . . . Ruth Marie Pratt finds it rather easy to go home for week ends and holidays as she lives in Granville . . . George Rovin is the strong silent type . . . you know Herman Rhu so what? . . . that long chested fellow at the Beta House is John Reely . . . Bill Pearse was promoted to the business world this spring.

Ann Sisson divides her time between Crossed Keys work, and the Post Office awaiting letters from Herb Winsor . . . Elberta Smith is one of those capable girls who can do anything well . . . Ralph Siekman started out in the class of '35, but adverse circumstances forced him to drop back a year, and '36 gains a southpaw pitcher . . . Catherine Rose is the kind of girl some lucky fellow dreams about on spring nights . . . Ernest Spring is one of the reasons Denison has such a fine Glee Club . . . William Snyder is well-liked on Elm street, and was recently elected Beta prexy . . . Joe Sweeder is another social group leader, being chapter president of A.C.C. . . . Virginia Snyder is the enterprising campus representative of a leading Newark department store . . . Margaret Smith divides her time between the Grille and classes . . . Jim Truesdale, best dressed man on campus, after floundering in Swedish heaven for two years, finally went Kappa with a bang bang, so what? . . . Pauline Shryock handles her hall girl duties with a great deal of finesse. Orchids to you, Pauline . . . Virginia Lee Shepard is awfully sweet, but not so simple. Mrs. Heddleston poured at her coming-out party last spring . . . Janet Thoms intends to enter the jewelry business when she graduates. . . . Jimmy Southard wore white gloves to the Prom, so what? . . . Elwood Wells is no relation to Ronnie. He is a good gent . . . Beaver girls flock to Eleanor Tanner's room for a "session" . . . Kitty Talbott hails from Fly, Ohio. Are there any more at home like you, Kitty? . . . We can't pronounce Bob Tschantz's name, so what? . . . Tri Delta mistress Marian Walthour clings leech-like to Phi Delt's Leitch . . . One of the strongest men on campus is Richard Tappan. He's head scribe for the college tabloid . . . Not even the Johnston flood could wipe out the Walker family, but Willie's the last of them, so what? . . . One of the biggest activity girls in school is Louise Wagner . . . Being daughter of a Granville minister doesn't take anything away from Fritz Wingert's charm and pulchritude . . . Where did you ever learn to make that delicious fundge, Neva Whitmore? . . . The butter and egg business took James Allen Wooten away from Licking's hills, but now he's back and licking the hills and all the surrounding country at tennis, so what? . . . Mary Ellen Wooten is one of the more charming girls in the class. More power to you, Mary Ellen . . . Mary Eleanor Wilkinson's winning smile has won her many friends . . . Portraying royalty is part of Fred Warner's work in Masquer's, and speaking of royalty, we look forward to sharing the royalties on his next popular song, for in addition to being a dramatic star, athlete, romancer, fashion plate, student, and singer, Fred is a composer. More could no man want, could he? . . . Maureen Wilson livens many a Sawyer Hall roundup with her clever repartee . . . Agnes Sibbison's favorite color is purple for she wears the regal magenta of Fijiland. In addition to this, Aggie is one of the best liked little Thetas in the class, and everyone is proud to call her friend, and once more we interrogate, so what? . . .

Junior Snapshots

The junior section as originally planned was to look like this, but bad luck and bad weather altered our plans.

Bill Meyers and Blechta . . . Ed Hearsey looking for more graft . . . Anne Grogan and Flo Kessinger . . . The Shovel King and Stinky Snyder in a fighting pose . . . a bevy of gorgeous coeds, Neva Whitmore, Alice Hartman, Catherine Ball and Louise Mittendorf . . . Dan Hagerstrand the campus business man and Herm Rhu, the smoothy . . . Miss W. A. A. Darrow, Agnes to you . . . The C. J. Clissold and roommate, General J. W. McConnell, the latter is shooting it as usual . . . the pause that refreshes, Max Chapelear and Marj Moorehead take time out . . . nothing like hard manual labor to build character. Buck Gordon at the helm . . . Fred Franz and Buck again, during a pause in the Spring vacation building program . . . All W. A. A. Landrum and Wilkinson . . . this sweet faced individual is Ferret Geffine . . . Mary Jane Nesbitt and girl-chum. The one on the right is none other than Sherlock Lamson in one of his disguises . . . The terrible Meier!!!! . . . an informal snap of Rover Rupp on his way to classes . . . Wop Jacobi and King Moores pose for the Adytum photographer in front of the local stone pile . . . Hube Foster, or First Down Foster, No. 75 cavorts around end at Wesleyan . . . The reason we are slipping Fred Franz's picture in here so often is that it is the first time in three years that he has been recognized in the Adytum. This picture should serve as an object lesson for the W. C. T. U. . . . the latest thing for sports wear as modeled by members of the Junior class. Sally Marr is showing something snappy in robes de nuit, Jay Houser has on the latest in afternoon formal wear, and Wally Clissold is modelling the very latest in sports wear; something really dashing for an afternoon of bridge or badminton.

The Junior prom was the class' biggest venture; and although Paul Tremaine's Band was not quite like the advertisements, the dance proved to be a real success. This was largely due to the industry of the decorations committee under Ruth Ford and Charles Arnold. Professor Horace King designed the decorations and helped in carrying out the plans. About one hundred and thirty couples attended the dance.

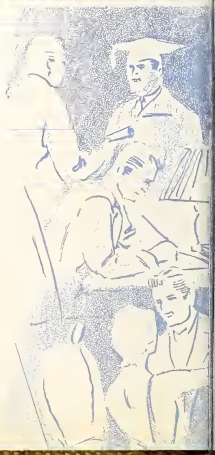

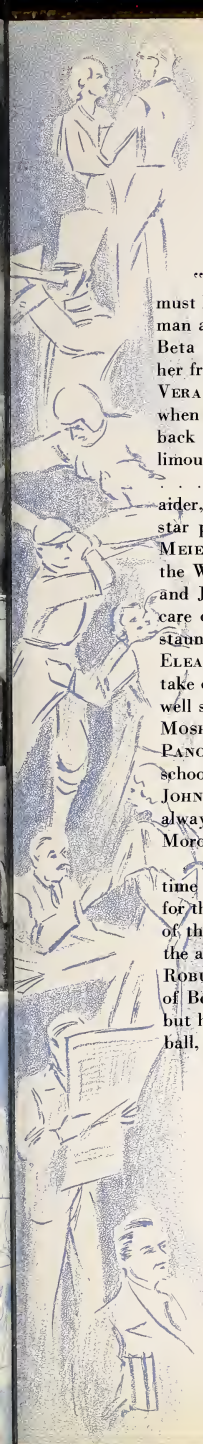

The Adytum, theoretically published by the Junior class, constitutes a second major project carried out this year by the class of 1936. As this section, one of the last to go to press, is completed; it is evident to the editors that no one man can publish a book of this type alone. It takes at least two.

"At home—" Milly Hull and Dot Fuller take it easy at Beaver. This must be the way Dot made her ΦBK grades . . . "Feather" Lamson is a good man at any sport. The Bantom is hooking one through the front window of the Beta house . . . Ginny Snyder started out her career by being Prom Queen her freshman year. She has been doing very well since . . . Jill Gregory and Vera Innes en route to the dorms. Jill rated a picture in the Chicago Daily News when she was elected to head W. S. G. A. Vera brings a certain Phi Delt alumnus back to Granville very often . . . Viv Mercer is sometimes seen in the Scott limousine while Anne O'Neil has been claiming the attention of the Beta Penguin . . . This silhouette is that of the admirable Dr. Franz, swimmer, student aider, harrier, equestrian and heaver of the ox, par excellence. Fred is one of the star pupils of the Phys. Ed. department . . . Well Underwear! ! Those two Meier twins, Bill and Bob, caught in a moment of relaxation while laundering the Woogies' crockery . . . Three Jolly Juniors, Jo Sweeder, Baron Meunch and John Doughty, Jo is the new prex at the A. C. C. house, the Baron takes care of the local gal friend and John is the Pressing magnate of the Club and a staunch member of campus musical organizations . . . Marjory Bird and Eleanor Lapham are two of Chi Omega's swellest gals. Eleanor was chosen to take over the presidential gavel for next year . . . Mo and Jo are thinking of—! well skip it. Jo Bainer served as Manager of Livy's Harriers this fall and Mac Moshier is one of the school's outstanding Referees of intramural contests . . . Pancake Pearce saw he wasn't going to make Phi Bete his junior year so he left school in disgust. Henry is doing well in the business world of Washington C. H. John Reely is one of the Denisonian's great Associate Editors. His issues are always on time . . . Libby Hix has been the major source of news for the Moron's column. Of course, such folklore is always taken with a grain of salt

Now that Lietch is graduating, Marian Walthour will have proper time to handle the presidential duties of the Tri Delts, next year . . . Credit for the swell decorations of the Prom goes to C. C. Arnold, who was co-chairman of the Committee. Columbia Lou Cole was chosen by the brothers to handle the affairs of Gamma Xi for next year. Gil is also quite an athlete . . . Martha Robuck and Vang Cook are watching the busy world go by, on the front steps of Beaver . . . George Ashbrook was not born with a shovel in his hands, but he does have his hands full most of the time, with Adytum business, Basketball, student aid and Stone's girl.

DICK NEUSCHEL RUTH FORD SALLY MARR JOHN DOUGHTY

OFFICERS OF THE CLASS OF 1936

DICK NEUSCHEL, president, probably belongs to more Honoraries, and is interested in more activities than any man on the campus. He was elected to membership in ΟΔΚ, last fall, ran for M. S. G. A. president this spring, and was elected vice-president. He is an Associate editor of the Denisonian and has done his share in editing the weekly. For his work on the newspaper, he was elected to membership in ΠΔΕ, national journalistic Honorary. Dick is an active member of the Denison debate squad and a member of ΤΚΑ, forensics honorary. He had a major role in Masquers' spring play, that of Raleigh in "Journey's End". This spring he was renominated for the office of Class president. In spite of all this, "The Kid" is a swell gent . . . RUTH FORD, vice-president has certainly done a great deal since she has been in school. Although unable to join a sorority her freshman year, she later went Kappa and was chosen to wield the presidential gavel next year. Ruth, as co-chairman of the Decorations committee for the prom deserves a great deal of the credit . . . SALLY MARR, secretary has done her share of campus activities. As Victoria Van Bret in Masquer's "Double Door", she rolled 'em in the aisles with the forcefullness of her portrayal. She is a member of Masquers and is also interested in music. Sally made a real Venus in the presentation of Orpheus, last spring. She is a member of the women's Glee Club, the Chapel choir and ΔΟ. She was also elected to membership in Crossed Keys, highest honor for a junior . . . JOHN DOUGHTY, treasurer, is very active in musical organizations, and has been a member of the Glee Club for three years. He also is a member of Blue Key, and is quite an amateur photographer . . .

Class of 1937

Although greatly outnumbered. President Cox's sophomores put up a great battle on Scrap Day. Plenty of possibilities in the Class of '37.

There is nothing like a freshman class with a lot of spirit, to pep up a school. The class of '38 was unusually large and has shown plenty of that old zip.

Top Row—Sisson, Cook, Longley, Murten, Lanning, Guthridge, Walker, Dickerson, Wiltgen, Sheppard, Stickney.

WOMEN'S GLEE CLUB

For the first time in four years, the Women's Glee Club went on tour, following the example of the Men's Glee Club. Their itinerary included Parkersburg and Charleston in West Virginia and Ironton, Amelia, Cincinnati and Dayton in Ohio. The trip lasted four days, occupying the week-end of March 21-24. The singers were well received by Denison friends during the trip wherever they sang.

On full-concert programs, variety was added by student soloists, Jessie Mae Vanderbilt, soprano, and Lela Thuma violinist; as well as a popular trio formed of Muriel Detweiler, Margaret Walker and Lela Thuma. The club also introduced an innovation in their "Informal Interlude", a mixture of conversation and singing which did a great deal in breaking up the usual formal style of program.

The club served twice at vesper and several times in chapel, more so than in the past, in an effort to establish a reputation on the campus. The women also supplied music at the church service in Newark and entertained at the Assembly in the Granville High School. The Annual concert came on May 3 and was presented in recital hall. The Club joined with the Men's group in entertaining on Mother's day.

The glee club has been characterized by an increasing amount of activity this year, due to the fact that membership has been restricted to thirty, which is a more flexible group and more easily managed than a larger aggregation.

The Club, which practices twice a week, is under the direction of Miss Dorothy Dunn, of the Conservatory of Music, who acts as conductor. Charlotte Talbot is the Student leader; Lela Thuma manager of the group; Miriam Dickerson is secretary-treasurer; Mary Barbara Hunter is librarian and Betty Lamont, Accompanist.

MEN'S GLEE CLUB

Spring Vacation concert tour took the Men's Glee Club to New York, this year. It was one of the most extensive tours the organization has ever taken; some of the high spots in their itinerary were The Town Hall Club in New York city, a broadcast over WABC on the Columbia network as well as a program over WTAM in Cleveland and WHAM in Rochester.

Earlier in the Spring, the club had taken a concert trip to Cincinnati and Dayton, in preparation for entering the Club Contest in Pittsburg. The Denison Gleemen represented Ohio at this contest which was held March 12; and although they did not place first or second, made a splendid showing.

In addition to their concert trips, the Men's Glee club has given performances at Chapel, Men's Assembly, the Granville High School Assembly as well as at several churches in the vicinity. At the close of the Spring tour, the Gleemen presented their Home concert at the Baptist church.

The personnel of the Glee Club:

First tenors; Acker, Bigelow, Coehlo, Rice, Robeson, Houser, Lanning.

Second tenors; Adams, Arnold, Cook, Cudmore, F. Doughty, Kent, Kimball and Scipione.

Baritones; J. Doughty, Goodridge, Olt, Willett, Ebaugh, Hundley, Marvin.

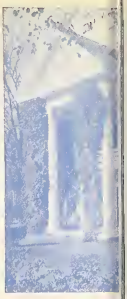

Basses: Clissold, Freeman, McKechnie, Rader, Spring, Vorhis, Warner, Wood.

Professor Karl H. Eschman, director of the Conservatory of Music, is the faculty director of the Glee Club; Richard Kimball is Student leader, David Mc Kechnie, manager, and Walter Clissold, publicity director.

Bottom Row—Willett, Coehlo, Clissold, McKechnie, Kimball, Hundley, Ebaugh, Warner.
Second Row—Rice, Kent, Arnold, Scipione, Goodridge, Pearce, Cudmore.
Third Row—Lanning, F. Doughty, Kuntz, Adams, Olt, Freeman, J. Doughty.
Top Row—Bigelow, LaRue, Robeson, Acker, Wood, Spring, Vorhis, Rader.

CHAPEL CHOIR

Only members of the Glee Clubs find a place in the chapel choir and for that reason it is the finest group of mixed voices on the campus. Under the direction of Miss Dunn, instructor in voice and Leader of the Women's Glee Club, the choristers have presented chapel music on an average of once a week. Occasional solos by members of the choir have lent variety to their programs.

A special program of Christmas Music, presented as a vespers service just before Christmas vacation, was especially well received by the University.

The chapel choir practices three times a week on days when there is no chapel service; members receive school credit for their work.

Top Row—Acker, Crites, Cook, Rader. *Second Row*—Spring, Smith, Freeman, Clissold. *Third Row*—Kent, Vorhis, F. Doughty, McKechnie. *Fourth Row*—Bigelow, Rice, Marr, Eschman, F. Doughty. *Fifth Row*—Guthridge, Wiltgen, Belknap, Cook, Ewell. *Bottom Row*—Vanderbilt, Detweiler, Dickerson, Hunter, Lindstrom, Miss Dunn.

The A Capella Choir, shown above, reached the peak of its enrollment this year. It attracts all students who are interested in vocal expression.

A CAPELLA CHOIR

Anyone who is interested in singing is eligible to membership in this great choral group. Consequently it is the largest musical organization on the campus. The fact that school credit is given to members of the group, probably has but little to do with its popularity.

The group is under the direction of Prof. Karl Eschman and because of its size, it has been necessary to subdivide the choir into smaller groups so as to more easily direct them. A Capella choir rehearses during chapel periods and every Monday evening. It cooperates with the Festival chorus in presenting the Messiah, each year.

The Denison Orchestra under the direction of Prof. Eschman has had an especially successful season this year. The personnel is listed below.

DENISON ORCHESTRA

Bringing a number of excellent musicians, the class of thirty-eight proved itself of great assistance in renovating the orchestra, which in the preceding year had had a very mediocre season. New students expanded the wood-wind and brass sections, made the violin section more complete and added a much-needed foundation in string bass. Thus, with these new members, reliable musicians from previous seasons, and the able leadership of Karl Eschman, conductor, and Sam Gelfer, concertmaster, the organization anticipated a successful year.

The first appearance of the orchestra this season was at the performance of Handel's "Messiah" at Swasey Chapel. Mother's Day week-end in May, the organization participated in the program with the two glee clubs. One of the outstanding selections was the last two movements of Beethoven's Fifth Symphony.

THE DENISON BAND

Responding to a call for a bigger, better Big Red Band to bolster the Boom year in football this fall, the horn-tooters turned out so enthusiastically that there was trouble in fitting out all the bandsmen in uniforms.

Under the direction of Sam Gelfer, faculty director and Gordon Kingery, student director, the band functioned at all home games as well as making the trip to Kenyon and Wesleyan.

The band played a big part in the return of the Denison fighting spirit, when it lent its volume to the Pep meetings on the eve of the opener with Findlay and the torch light pep rally before the homecoming game with Case.

Reid Anderson, freshman, turned into a real Baton Swinger, serving as Drum major all year. His handling of the twirling stick was spectacular, and he should develop into a sure thing next year when it comes to throwing the baton over the goal posts. There were only a few times this year when the toss went bad.

On several occasions the band played at basketball games, however the turnout was never as good as at the grid games. One of the unfortunate performances of the band occured at the Big Six track meet last spring. Scheduled to appear in time for the opening parade of the officials, the band was detained and did not arrive until the big parade was over. The excellent showing made by the band this fall has caused this bad break to be forgotten by some of the Physical Education Big Shots who had to parade without benefit of band last spring.

The Band practices each week, plans to give a band concert on the lower plaza sometime this spring and is already planning for next fall's football season.

The Varsity Band shown below, in marching formation, reached the largest enrollment in years, this fall. At the left is Sam Gelfer, director and Reid Anderson, drum major, center.

MASQUERS

Robert Marvin

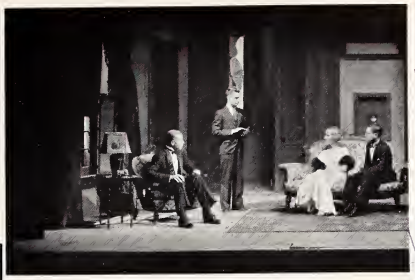

"The Double Door", by Elizabeth McFadden, a mystery play, was Masquers' first presentation this year. That it was up to the standard in Masquers productions is attested by the fact that the Opera house was packed both nights of its performance. Although the entire cast did exceptionally well, Sally Marr, in the role of Victoria Van Bret, carried off the honors. Marion Sweet was excellent as Caroline, her sister, and Margaret Walker as the young bride of Rip Van Bret, played by Richard Levering, also did very well. Dr. Sully, was played by Fred Warner; Neff, Miss Van Bret's lawyer was taken by Bob Marvin. Minor parts were taken by Frances Wingert as Avery; Dorothy Smith as Louise; Max Rosselot as Mr Chase, the jeweller; Telson was played by Richard Kimball; Lauren Conger took the role of Lambert, a private dective; and Richard Davis played William, the Butler.

A series of plays was presented by the freshman guild on February 16 and 17. They were; "The Neighbors", "The Pot Biolers", "The Man in the Bowler Hat" and "Town Hall Tonight". They were all well acted and showed much promise for next year's Masquers.

"Journey's End", famous war drama, by Robert Sheriff, was the selection for the Spring Play. Leading parts were taken by Fred Warner as Captain Stanhope; Walter Clissold as Osborne; Richard Kimball as Captain Hardy; Richard Neuschel as Raleigh and Loren Souers, who took the part of Mason, an orderly. Other parts were taken by William Deam, Thorndike Dwelley, Mack Uebelhart, Loren Conger, Richard Davis and Jesse Skriletz.

The romance element in the "Double Door" was furnished by Margaret Walker and Richard Levering, who took the parts of Mr. and Mrs. Rip Van Bret.

Masquers' Commencement play "The Late Christopher Bean" completed one of the most popular series of dramatic presentations offered by the group.

Members of Masquers for this year were:

Bob Marvin, president; Prof. Richard Woelhaf, director, Frances Wingert, Sally Marr, Richard Coelho, Fred Warner, Jack Evans, Sam Phillips, Jay Houser, James Russelot, Dorothy Hartshorn and Paul Collyer.

Dick Tappan is one of the first Juniors to be elected editor of the Denisonian.

Denisonian

LUCIAN WARREN

Although Denison is one of the few colleges of importance in the country that does not maintain a full time publicity staff to uphold its standing with the press of the nation, it has through the concerted efforts of its several student News Bureau directors, managed not only to compete, but remain ahead of other schools in the placing of campus news stories in newspapers throughout the country.

This year under the direction of Dick Tappan, a junior, the Denison News Bureau, operating in its new quarters in Marsh hall, broke all previous records for Denison stories and was commended by editors throughout the state for its efficiency in sending accurate accounts of news events on the campus.

Besides the director, three student assistants are employed on the News Bureau, on the student aid pay roll. These students mail to daily and weekly newspapers all events transpiring on the campus, while home town newspapers are sent accounts of initiations, pledgings, graduation, academic honors, and all events which in any respect affect Denison students.

The Bureau also establishes contacts with the Associated Press, United Press, and International News Service in Columbus. Through these wire services all campus events of state or national importance are flashed over the wires into every newspaper office in the country.

This year the Bureau broadened its field and commenced sending regular dispatches on Denison students to their high school papers. Feeling that Denison would thus touch numerous prospective students as well as keep the high schools in touch with the activities of their graduates, the Bureau sent out over 200 stories of this type.

Besides Tappan, members of the News Bureau staff during the past year were, John Reely, Edward Hearsey, and Roberta Allen.

The Denisonian was an editorial and financial success in one of the best years of its 78 years of existence under the direction of editors Lucian Warren and Richard Tappan as well as business manager, Tom Hage.

Until February, Warren worked conscientiously to put out a paper that would be what the students wanted. He installed a new editorial system in which the four associate editors rotated in editing the week's edition while Warren himself acted as editorial writer and advisor. At the end of the first semester, poor health forced Warren to leave school and Tappan was elected editor-in-chief to fill out the year.

During the year, a column concerning current events was inaugurated, following demands of the students for news of nation-wide importance. A new music column, as well as a revised column of social notes was added to make the paper more readable.

On October 27, a homecoming special was released carrying on the back page, the official football program of the Denison-Case game. This special issue was distributed in the stands before the game.

Just previous to spring vacation a bridge tournament was sponsored by the Denisonian in cooperation with Granville merchants, who donated prizes. The contest attracted much interest, about eight of the faculty and many of the student body entering the auction and contract divisions of the tournament.

Business manager Tom Hage succeeded for the first time in three years to completely wipe out the debt under which the paper had been operating.

The Denisonian at the end of this year, will be entirely free of its debt, with all bills paid.

No issues of the paper have been dropped due to insufficient advertising, the full schedule of twenty-eight issues being maintained. Weekly ads were kept to the average of last year's high level.

Form letters sent by the business manager early in the fall resulted in four or five times as many subscriptions from parents and alumni as heretofore.

HOW TO PUBLISH A YEAR BOOK

by

James McConnell

Editor of the 1935 Adytum

This year the Adytum was published on the part-time plan, a sort of odd job arrangement. The average conscientious yearbook editor sets to work on his book with a vigor and clenched fists. He plunges his whole being into the endeavor and strains every faculty in the effort. The result is a forced, cramped, overworked publication. This year the Adytum staff determined, at an early date, to do all in its power to avoid this evil. We let everything (except studies) interfere with the work on the Adytum and the results, if we do say it ourself, have been most gratifying.

We came to school this fall with a dummy. A Printers' dummy, that is, and this gadget is supposed to show precisely how the book is going to look. We also had a neat little work-sheet of some fifty pages designed to indicate, to the minute, when each picture was to be taken, each word to be written. Our first step was to throw this away.

Our biggest problem was to get the pictures taken for the blasted book. As you know, only the coldest days are suitable for taking Adytum pictures. At first it was hard to pick the right days, and soon we came to trust to luck. As a result, countless hundreds of students stood shivering while George, the Photographer, made passes at his camera.

Seriously, however, we have tried to make this book entirely unlike any other Adytums of this College generation. We have done away with the "Dedication", the "Forward" and the endless array of monotonous panels of portrait photos which have marked other Adytums. We only hope that we have not sacrificed too much, in establishing our group pictures and snapshots. We hope that this book fulfills its function, that of representing Denison University as it was in 1934 and 1935.

Our heartfelt thanks go to the staff members, who have done the dirty work in making this book, and to the students and faculty whose cooperation was so vital and cheerful.

George Ashbrook
Business Manager of the Adytum

MEN'S DEBATE

Debating at Denison, under Dr. Lionel G. Crocker, has progressed with rapid strides in the past few years. This debating is concerned with questions of immediate interest and importance. For instance, the question which the varsity debated this year was "Resolved that the tendencies toward government control of our economic and social life as exemplified in the New Deal should be condemned." Another reason for this progress is that Denison now engages in but few judged debates; most of the debates being non-decision ones. Therefore, instead of orating to the judges, our debaters speak to their audiences ranging in types from high school assemblies to business men's groups.

The two varsity teams were: Affirmative, Souers, Wooten and Maxwell; and Negative, Phillips, Boutwell and Levering. Others who participated were Christians, Neuschel and Thorsen.

On this year's schedule extending, from December to March were: Wooster, Mt. Union, Western Reserve, Ohio University, Ohio Wesleyan, Xavier College and Cincinnati University. Of special note is the Mt. Union debate, because it was broadcast over radio station WHBC in Canton, Ohio.

Another feature of Men's Debate this year was the freshman debating. Under the direction of Kenneth Maxwell as their coach, they carried on an unusually extensive program, debating the question of munition control. They had several intercollegiate debates, meeting Ohio Wesleyan, Wittenberg, Bowling Green, University of Michigan, Toledo University, Kalamazoo, and Michigan State Teachers' College. Their debates with these schools, many of them with varsity teams, augur well for our future varsity teams. The teams were: Affirmative-Beardshear, Rieger and Kuntz; Negative-Blechta, Skrilletz and Oxley. Overhuls and Sivertsen comprised an auxiliary team, while others who participated were Brauning, Wilkinson, Bottomley, Dwelley, Welles, West, Titiriga and Auten.

WOMEN'S DEBATE

Members of the women's varsity debate team this year were: Frances Erb, Phyllis Taber, Glenna Snapp, Frances Wingert, Miriam Morris, Sally Frame, and Miriam Dorr. The subject for the season was: "Resolved that Federal Aid should be given to primary and secondary education". Several practice debates were held prior to the varsity season. The varsity matches included dual engagements with the University of Cincinnati, Ohio Wesleyan University, and Ohio University. Trips were made to Cincinnati, Delaware, and Athens. One home debate was held at Recital hall.

The freshmen had a fine debate season also: Cornelia Cartter, Audrey Schloegel, Marjory Hird, Helen Clements, Katheryn Oxley, and Harriet Crawford composed the team. Their coach was Glenna Snapp, varsity debator and member of Tau Kappa Alpha. Their subject for discussion was: "Resolved that the United States Government should conduct the sale and manufacture of munitions in this country". They had forensic meets with the freshmen of Wittenberg, Ohio Wesleyan University, and Ohio University and with the varsity team from Pennsylvania Women's College.

A freshman inter-sorority debate contest was also held this year sponsored by W. S. G. A. and Debate Board. Miriam Dorr, student representative of Debate Board on W. S. G. A. council, acted as chairman of the project. The team composed of Elinore Eschman, Louise Toren, Audrey Schloegel, and Barbara Walthour which represented Delta Delta Delta won the silver loving cup after an exciting final debate with the Chi Omega freshmen. Twenty-two freshmen participated in the contest.

MEN'S STUDENT CHRISTIAN ASSOCIATION

KENNETH MAXWELL

In the Spring of 1934, thirty-five men met one evening at the home of President Shaw to discuss the place of an organization to supplant the Y. M. C. A. which would coordinate the religious and social activities of the men on the campus. As a result, the Men's Student Christian Association came into being. Officers were elected and the organization got under way with a charter membership of forty-five men. Attesting to the work done during the first year is the fact that in the campaign this spring 197 students and 20 faculty men became members.

Projects of the M. S. C. A. this year were: the Freshman Camp in September, the promotion of the CYPU and Dr. King's Student Hour on Sunday mornings, Bull Sessions especially such as those conducted by Jim Hardwicke, the sponsoring of some chapel speakers, the promotion of Gospel Team Work which reached out into over forty different churches.

In conjunction with the Y. W. C. A., the M. S. C. A., sponsored the Vesper Services, some chapel speakers of which Norman Thomas was one, and the Week of Prayer for which Dr. McNeill Poteat was guest speaker. The M. S. C. A. also cooperated with the Y. W. C. A. and Dr. Gordon in aiding the distressed mining district of Dillonvale. Other cooperative activities were a Freshman Reception Dance and some All-Denison Dances.

The retiring officers are: President, Maxwell; Vice-President, Christians; Secretary, R. Harman; Treasurer, Dudrow; Committee Chairmen were: Freshman M. S. C. A. and Camp, Wells; Church Affairs, Wickenden; Deputation Work, Rice; Chapels and Worship, R. Taylor; Social Life, N. Adams; Social Service, Norton; Discussions, Osmond. The faculty advisers are Dr. Titus and Mr. Stewart.

The new officers are: President, Powell; Vice-President, Allison; Secretary, Alban; Treasurer, Blechta; Committee Chairmen are: Freshman M. C. S. A. and Camp, Lawrence; Church Affairs, Western; Deputation, Titiriga; Chapels and Worship, Holth; Social Life, Rhu; Social Service, Winchell; Discussions, C. Arnold.

The Freshman M. S. C. A. met several times during the year and ushered at the Vesper Services. Their officers were: President, Morgan; Vice-President, W. Collyer; Secretary-Treasurer, Walter Page.

The Men Student's Christian Association has the largest membership on the campus.

Features

Through the looking glass—some of the boys and girls at old D. U. in a few of their lighter moments, caught not too unawares by the Adytum camera. This is one of the uncensored sections of our book, and it holds some of the prominent features of the campus, Osmond's "schnozz" etc.

THE SOCIAL SIDE

"Never a Dull Moment!" has been the watch-word of local social lights for many years. In the fall there are bacon-bats, football games, and of course the gay times at the General Jam. Not to mention the fall parties and vic dances. Winter brings "schlipping" parties on the 17th green and ice boating on Buckeye Ocean. The Christmas parties find the social world rubbing elbows at the various fraternity and sorority houses. But in the spring—then is the time when things really get under way. Picnics in the country with plenty of hamburg, coffee and cake, walking dates to Spring valley; fishing, and swimming at Roberts pool. The Junior prom and the Triad and spring dances are the formal occasions of the year. Unfortunately, the Athletic department feared that the Wigwam would collapse under the weight of one more Junior prom, so it was necessary to hold this annual event in Cleveland Hall. Notwithstanding this setback to their original plans, the class of 36 outdid themselves in making the event the year's best.

The theatre season at the Granville Opera house is open all year round and many of the gay, smart after-theatre crowd are found at Cherry's or the Grille. Masquers plays are another source of social activity to those in the swim. Three plays were presented this season, "The Double Door" in the fall, "Journey's End" in the spring as well as the customary commencement play. In addition, the freshman guild presented four one act plays that were very well received.

WALTER J. LIVINGSTON

Nearing the quarter century mark as basketball coach, Walter J. Livingston, Physical director, and coach of Track and Cross Country: finished his 24th season, and played his 365th game as mentor of the Big Red Cagers. Liv has always given unsparingly of his time and energy in the Promotion of Denison Athletics.

Liv's greatest year in basketball was in 1914-15 when the Denison team defeated Notre Dame, Ohio State and other leading collegiate teams, winning the Ohio conference championship and beating what was then considered the nation's outstanding professional club.

MANAGERS

Managers and Trainers are liable to be asked to work on anything from ditch digging to Refereeing during their ordinary tour of duty. Of course the majority of their work is confined to handling Athletic equipment and giving First Aid treatment to Athletes, but there is no limit to the tasks designated to them.

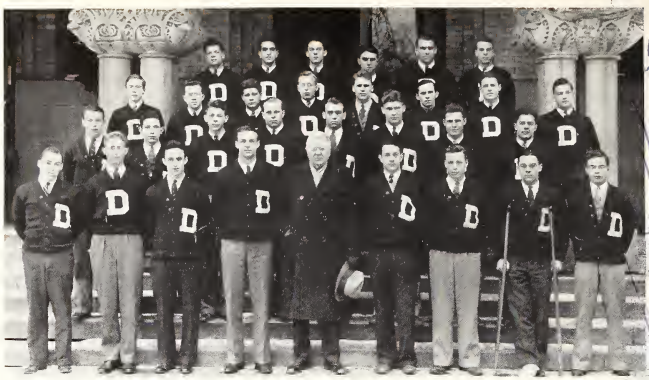

Every fall an average of 20 freshmen report as trainers. This number soon thins out over a period of years, and at the end of each Trainers' Junior year he is eligible for Managership. Theoretically, the Managers are chosen on the basis of the work they have done.

Last Spring, Bob Marvin and Bob Letich were managers of track and Dick Kimball was manager of Baseball. This fall, Jim McConnell was football Manager and Joe Bainer was manager of Cross Country. Bill Geffine was manager of Basketball and Bill Snyder and Bill Myers were managers of this year's Track, while Bob Levering was manager of Baseball.

After his season is over, each manager receives his Major "D" award. Football and Basketball managers receive coat sweaters and the other managers are awarded slip-over sweaters.

THE "D" ASSOCIATION

The "D" Association started the year with more letter men on the rolls than has been the case in recent years. With Tom Ferguson as president and Marion Hundley as Secretary-treasurer, the organization conducted an active program for the year.

The "D" Association backed to the fullest extent, the repairs on the stadium, and did all in their power to promote the new lighting system. A new precedent was established this year, when the Denison constituents moved to the North stands of Deeds field. This was sponsored by the "D" Association. Freshmen were organized into a cheering section for football and basketball games, as a further factor in promoting spirit.

By devising a minor letter award open to members of the band, the "D" Association furnished an incentive to Band members and in this way helped to build up the personnel of that group.

According to tradition, the "D" Association is responsible for the behavior of the freshmen on the campus. This was accomplished, as usual, by means of the paddle. The lettermen are cooperating again this year sub-freshman day by presenting the "D" Darky Review. Senior "D" men are given "D" charms on graduation, and every member of the Association attends the annual banquet.

Football

Foster goes around left tackle, while Meier runs interference, in the Case game. The scene is Homecoming, the biggest in years. Hundreds of alumni came back to see the team that was riding in first place in the Ohio Conference hold one of the toughest teams in the league to a 12-12 tie.

George Rich watches the last game. Denison defeats Marietta to hold its standing in the Conference.

TOM ROGERS

CHARLES CAMPBELL

1000 PER CENT

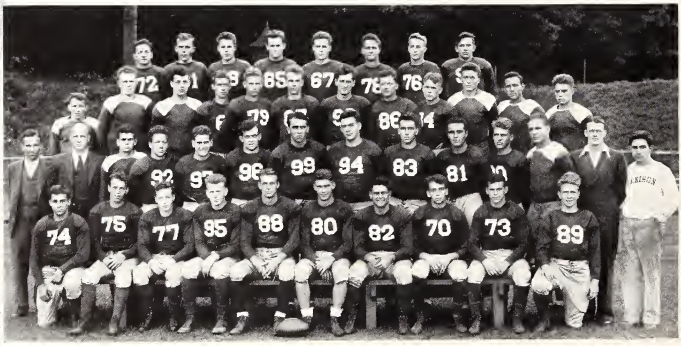

Coach George Rich couldn't have picked a more auspicious occasion to tender his resignation than after the 1934 football season. The team stood 1000% in the conference, having been beaten only once and that by one of the toughest teams in the State, Ohio Wesleyan.

For several weeks Denison held first place in the Ohio Conference, and Hube Foster, Ed Jenkins and Jim Winborn were among the high scorers in the State. The homecoming game against Case and the Wittenberg "field-day" were probably the high points of the season. All in all it was the best year in football Denison has seen in many years.

The football team regretted seeing Rich leave and expressed itself in a petition to Dr. Shaw urging that he be asked to reconsider. As additional evidence of their feeling, Junior men on the squad presented George with a copy of the Adytum autographed by members of the 1934 team.

An even brighter outlook is held for next year's team. Under the coaching of Tom Rogers and Sid Gillman, the 1935 squad ought to repeat last year's record even against such teams as Reserve and Cincinnati.

DENISON 19
FINDLAY 13

Denison opened the season by trouncing the Falcons, 19 to 13. It was the first game to be played under the new lighting system, and the Big Red took revenge for last year's defeat.

The first score came within 50 seconds after the starting gun. Findlay fumbled on the kick-off and Foster ran the ball on the next play 45 yards off-tackle for a touchdown. Findlay advanced the ball to the Big Red one yard-line, but was unable to score. Later, O'Keefe, Findlay tackle, kicked a field goal from the 40 yard-line. Denison scored again in this period on a shovel pass, Rupp to Jenkins. In the second quarter O'Keefe made another field goal. After an exchange of punts, Foster again took the ball and ran 53 yards for his second touchdown.

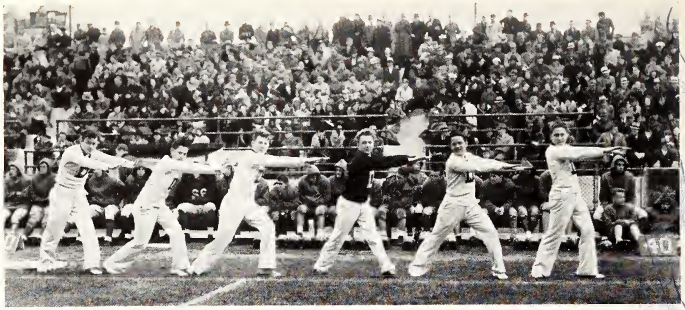

Findlay's only touchdown came early in the fourth quarter when a series of passes resulted in a score. O'Keefe kicked the extra point.

Rich's men looked like a real ball-club in this opener. Foster's ball carrying was one of the bright lights of the game. Beitler, sophomore end showed signs of promise, and was down under punts consistently. Rupp, shifted from end, played a good game at the quarterback post, and Page backed up the line in great shape. Jenkins, Greenlee, Winborn, Holth and Mawhinney proved that Rich had plenty of reserve power in the backfield.

Cap Tom Ferguson, plays a tough game, and only missed a few quarters (in the Wittenberg game) all season.

Judge Greenlee staged a great comeback. Altho he gained plenty of yards, he was jinxed out of making a touchdown, for the Big Red.

The Cheerleaders were led this year by Otis and Maxwell. *Left to Right*—Scott, Neuschel, Maxwell, Otis, Rogers and Morris.

DENISON 6
KENYON 0

Denison's score came late in the first period in the game at Gambier. Taking the ball on a short punt, deep in Kenyon territory, Denison carried the ball to the two yard line, where Jenkins smashed through for a score. Rupp's kick was blocked. Kenyon's best scoring chance came in the third period when they advanced the ball to the seven yard line only to fumble.

Winborn came within an ace of scoring on a long run in the last period when he was run out of bounds on the three yard-line. Foster again showed ability as a ball carrier as well as Winborn, Holth, Mawhinney, Rupp, Jenkins and Johnson. Page's kicking was greatly improved.

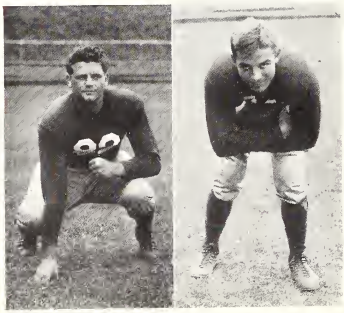

DENISON 6
OBERLIN 0

By beating Oberlin the Big Red took the lead in the Ohio Conference.

Late in the fourth quarter, Denison took the ball on its own 43 yard line. Page then ran to the Oberlin 23 yard-line through tackle. Foster circled left end to the two yard line, and Jenkins bucked center for the touchdown. Jenkins and Foster had both made 65 yard gains in the early part of the game only to lose the ball at the goal line.

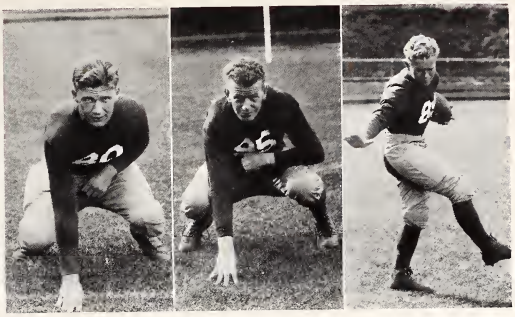

Stewart returned to the line up and gave a good performance.

Foster, Jenkins and Page rolled up a sizable yardage, while Rupp and Johnson alternated at calling signals. Page had to leave the game late in the fourth period with a dislocated shoulder which kept him out of several subsequent games.

Woody Hayes, the "Champ", missed very few quarters at his tackle position. Injury kept him out of the Oberlin and Wittenberg games.

"Doctor Fu Manchu" Winborn was one of the hardest running backs on the squad. He averaged 23 yards per try at Wittenberg.

Bob Alexander and Bill Hemingway were Rich's mainstays at tackle. They both finished up their football careers with great performances. Matt Mawhinney played a strong brand of ball and was a dependable back, especially on defense.

DENISON 56
WITTENBERG 0

Scheduled by the Lutherans as a breather, the Denison game proved just the opposite, and ruined the Wittenberg homecoming hopes. Rich took out the "A" squad early in the game, and gave the reserves a chance to make touchdowns, which they did fully as well as the first team.

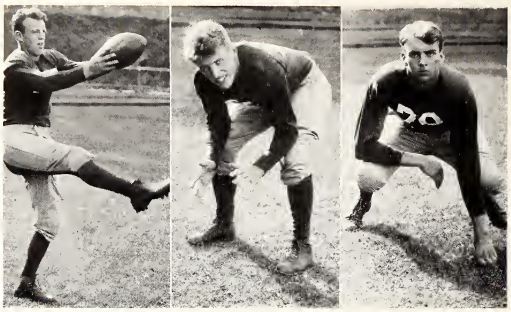

The star of the game was "Doc Fu" Winborn who ran up a total yardage of 150 yards, or an average of 23 per try. Foster, and Jenkins had no trouble in evading the Lutheran tacklers, and Bob Chrysler, reserve end, scored on a pass in the fourth quarter. The nicest blocking of the day was done by "Buck" Austin reserve back, who also showed signs of promise as a ball carrier and passer.

The blocking by the Denison line reached its peak in this game. Off tackle runs and end sweeps as well as reverses were working like clockwork. The only Lutheran threat came when they completed a pass behind the Denison safety man's back. Toth, star Wittenberg quarterback, got off several nice punts during the game.

This was the first time Denison has beaten Wittenberg in fifteen years.

Kickoff in the Case game. Alexander, Beitler, Larimer, Foster and Sitterle may be seen going after the Case man.

Hube Foster will take over Fergy's place as captain of next year's squad. "Rover" Rupp earned his second letter this year, as Q.B. for the Big Red. Al Larimer is a very tough guard at either offense or defense.

Ted Johnson will see service again next year as reserve signal caller.

DENISON 12
CASE 12

In spite of bad weather, the homecoming crowd at the Case game was one of the largest in recent years. A strong wind prevailed throughout the tame, making punting difficult.

In the first five minutes of the game Denison scored. The Home team took the ball when Case fumbled on their own 45 yard line. Foster circled the end for 16 yards. Jenkins fumbled and recovered on the next play but Foster then took the ball and went for a touchdown from the thirty yard line. Stewart took out two men on the play making possible Foster's run.

Late in the second quarter, Denison, with the wind in their back, punted to the Case 15 where Thom fumbled. Rupp went through center 8 yards on a reverse. Then Jenkins took the ball on a fake reverse through guard for a touchdown. Holth's kick was bad. Case scored, making the score 12-6.

In the third quarter Case scored when Foster, punting against the wind, booted the ball to his own 20. Here Case launched an aerial attack which resulted in the second score, on a pass from Paul Thom to Schaeffer.

Jim Winborn came close to scoring when he took the ball on a punt and ran it back to the five yard line. The tie score of this game put the Big Red in second place in the Ohio conference. Moyer, Shafer, Thom, and Almen were outstanding for the Cleveland team.

Otterbein takes time out shortly before the half closes. The Denison machine had not begun its offensive which had rolled up 26 points by the end of the game.

Clissold has improved a lot since last year and should find himself a regular berth next season.

The Meier twins, Bob and Bill, played their first year of varsity competition at Denison and came through with the goods.

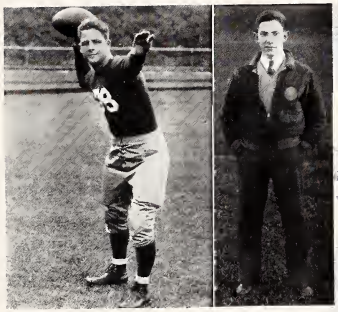

DENISON 26
OTTERBEIN 0

Denison stretched its string of victories into five by beating Otterbein to retain it's high place. The first quarter ended scoreless. Late in the second, However, after an exchange of punts, Denison took the ball on their 43. After a series of reverses, laterals and bucks, Jenkins went over through center. Johnson converted. The half ended 7 to 0.

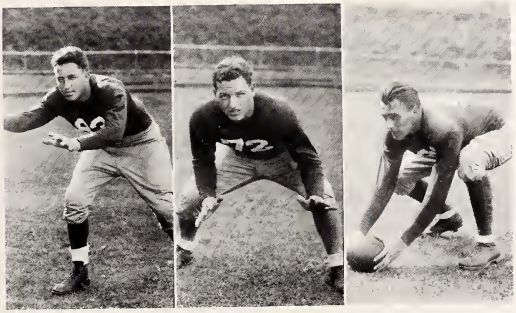

In the third quarter Foster returned a punt 40 yards to Otterbein's 30. Jenkins and Greenlee made two first downs and Foster skirted end for the second touchdown. Hull's kick was blocked. Taking the ball on the 30, Denison advanced the ball to the one yard-line where Jenkins plunged over for the third touchdown. Stewart's kick was bad. Denison kicked off, Otterbein punted, and Denison took the ball on their 42. Austin and Winborn took the ball to the 20. Jenkins made a first down, and Winborn scored standing up on an end sweep. Stewart's kick was good.

Jenkins hit his stride in this game showing considerable power in his plunging. Rupp, Foster, Winborn, Greenlee, Johnson, and Holth showed well. Stewart, Captain Ferguson and Alexander played stellar games in the line.

Although the Big Red got off to a very poor start in the first period they hit their stride towards the end of the half and maintained it during the second period.

Erwin Holth will develop into a very strong back in defence. He also has an educated toe and a good eye for passes.

Frank Jacobi had never played Varsity ball before this season, and he seems like a sure bet at end, for next year.

Virgil Hull has the signal honor of blocking the only punt of the year.

Boot Stewart should be All-Ohio next year if he goes as well as he did this season.

Denison elects to receive. Second kickoff in the Case game. The final score was 12-12.

OHIO WESLEYAN	40
DENISON	0

The jinx which has prevented Denison from defeating Wesleyan for fourteen years held this year, when Denison met its only defeat of the season against the Bishops. Wesleyan was rarely on the defensive and relied mostly on a fast, open game of passes, laterals and reverses.

Early in the first period, Mohler hit through center, evaded the secondary and sprinted for a touchdown. The next touchdown was scored by White on an end run in the same period. Gautier put in the second team in the second quarter, but Denison was unable to score. Early in the second half Mohler took the ball on two tries for his second touchdown.

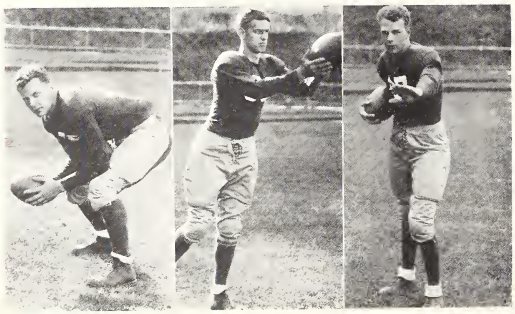

In the third quarter, White ran fifty yards on a fake punt from tail back position; Turley passed to Sell for the touchdown. In the fourth quarter, Turley scored on a 31 yard run.

DENISON	7
MARIETTA	0

By beating a tough Marietta team 7 to 0, Denison kept its Ohio Conference standing of 1000%. The game was closely contested throughout and marked by hard tackling and many fumbles.

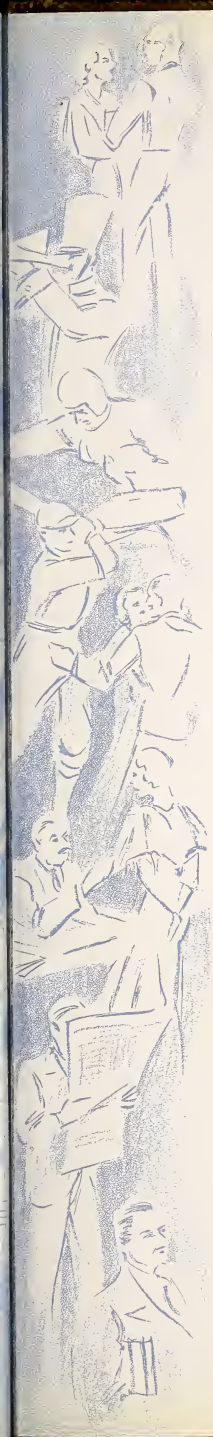

The Denison score came early in the first quarter when Hull broke through the Marietta line to block a punt. He recovered it on the one foot line and Jenkins went over for the touchdown. Foster converted.

In the second half, the game went into the air. Marietta's passes kept the Big Red on the defensive a part of the time, but the visitors' fumbles at crucial points prevented them from scoring.

Ed Jenkins has a hobby of making touchdowns. He looked like Red Grange at the Wittenberg game.

Bill Beitler and Carl Sitterle, played regular end all year and are a strong reason why next years' squad will be better yet.

Basketball

Although the Basketball team didn't finish at the top of the heap this winter, there was plenty of hot action for the fans.

BASKETBALL, 1934-1935

Although the Denison five did not win every game this season they showed a great deal of fight and drive and many of the games were lost by only a point or two.

Captain Harmon and Klunder were the only seniors playing their last season for Denison.

Ashbrook was probably the most valuable junior. His floor work was of great value to the Big Red, while Jacobi and Gordon showed improvement.

Christman, Stewart, J. Harman and Sitterle all contributed a great deal to the team which represented Denison on the hard wood courts.

Christman, an Oak Park product was high point man for the Big Red team at the close of the season with 135 points to his credit. As a result he was given a guard position on the second team of the mythical five.

Denison totalled 434 points during the season or an average of 28.6 per game.

DENISON 27

KENYON 22

Denison's Big Red basketball team came forward to beat Kenyon by the score of 27-22. Klunder, veteran forward, was high point man with 8 points, all of them from the floor. Christman, playing his first game for Denison, was second with 6 points. Third in line was Gordon, center, who added 5 points to the total.

Captain Harman showed up in his usual form and tallied 5 points. The team as a whole proved that their combinations were effective and workable.

Top Row—R. Harman, Christman, J. Harman.
Second Row—Manager Geffine, Klunder, Ashbrook, Stewart, Gordon, Coach Livingston.
Bottom Row—Ketner, Cole, Jacobi, Sitterle, Daniels, Austin.

Top Row—Linson, Boam, Haynes, Coach Rogers, Broughton, Myers.
Bottom Row—West, Pifer, Boehnke, Dewey, Hartwell, Watkins.

DENISON 19
TOLEDO 26

The first half of the game at Toledo was very close and the teams seemed to be evenly matched, however in the second half the Toledo Rockets forged ahead.

The Big Red exhibited good basketball. Christman with 5 points, Captain Harman with 4 points, and Ashbrook with 4 points were the mainstays for the local boys.

Toledo's big floor proved to be a great handicap to the Big Red. Shot after shot continued to fall short of the basket.

DENISON 37
WOOSTER 35

The "Battling Scots" of Wooster traveled to Denison only to be defeated by the Big Red. Both teams played hard ball but in the end Denison was on top by the score of 37-35.

Captain Harman played a steady, fast game making 14 points. Christman collected 10 while Stewart, playing center for Gordon was next with 6.

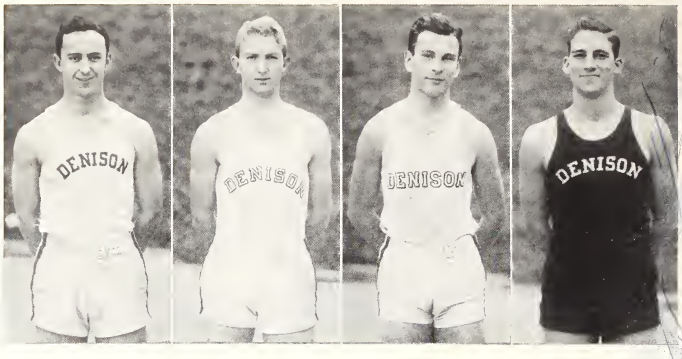

In the last minute with the score tied, Christman took a long shot just as the gun went off, the result was a victory for the Big Red.

DENISON 25
OBERLIN 27

Denison was handed her second conference defeat at the hands of Oberlin. Five times during the game the score was tied. Christman led the Denison scoring with 8 points, and D. Harman was second with 5 points. Klunder, Stewart, and Ashbrook each added 4 points to the Big Red score.

DENISON 30
OHIO WESLEYAN 41

Denison's Big Red dropped the first game with their traditional rivals, Ohio Wesleyan. Harman and Christman were the main stays in Denison's drive. The Harman-Klunder and the Christman-Ashbrook combinations worked successfully, but not well enough to check the Bishops. Harman and Christman tallied 8 points apiece for Denison scoring honors in this game.

Captain Dick Harman | Harvey Klunder | George Ashbrook | Bob Gordon

DENISON 31
WITTENBERG 28

The Red Devils of Wittenberg found that the Big Red cagers were too much for them.

Stewart's excellent playing at center was the high light of the game. Great improvement was shown by the team as a whole. Harman, Christman, and Stewart did well in gathering points while Klunder and Ashbrook showed up in floor play.

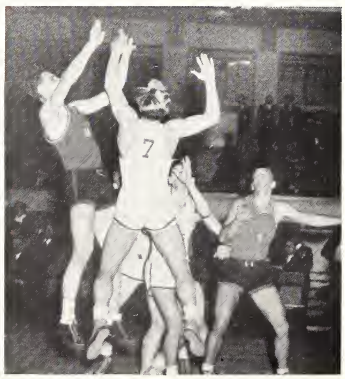

Throughout the entire game the Denison men continued to sink shots from all points of the floor.

DENISON 21
MUSKINGUM 35

The Muskies were next to invade the Denison Wigwam and to defeat the fighting Big Red team.

The Denison five jumped into an early lead and held it for awhile but were finally overcome. From then on it was Muskingum's game.

Captain Harman and Christman were outstanding for the Denison five.

DENISON 41
FRANKLIN 39

The Denison quintet traveled to Columbus to defeat Franklin University. The Big Red was in good shape and handed the Nighthawks a two point defeat on their home court. In the first half, both teams were quite even, but in the second half the Denison five moved ahead into the lead.

The Harman brothers starred in this game; Dick made 12 points and John made 10. Christman made 8 points and Sitterle and Stewart each garnered 4.

DENISON	34
TOLEDO	38

The Toledo Rockets, playing a return game here with the Big Red again proved to be a little too much for Denison.

The Denison team got off to a slow start in the early part of the game, but came back in the second half with a strong drive which proved to be in vain. Christman, led the Denison players with 15 points. while Sitterle and Ashbrook made 6 and Dick Harmon 5.

DENISON	21
AKRON	36

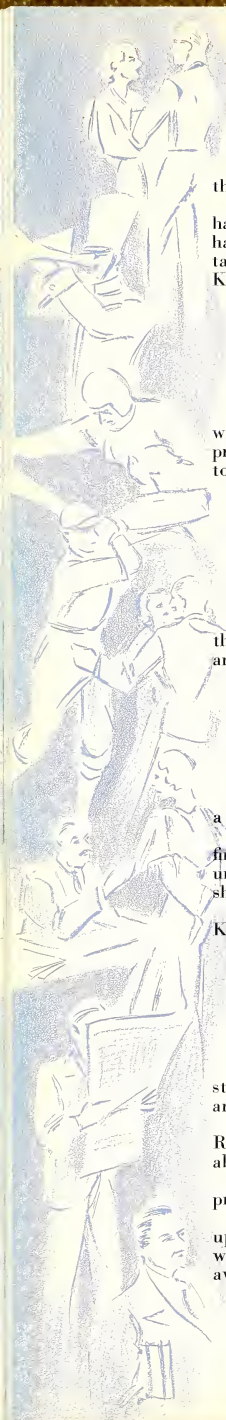

Denison again met defeat when they traveled to Akron to play the Zippers. The Big Red throughout the entire game fought hard for the lead, but was unable to forge ahead.

The Denison quintet found themselves up against a much larger team using a system of basketball which was entirely new to them.

Christman again led the Denison men, in scoring Dick Harmon and Klunder showed up well on the floor.

DENISON 25

OTTERBEIN 40

The next game was at Westerville where Denison met Otterbein. Here again the Big Red found their opponents a bit too hard to handle.

At the start the Denison five jumped into the lead, but at the end of the first half they found themselves on the short end of the score. During the second half Christman and D. Harman were forced to leave the game on fouls. Christman tallied 13 points for Denison. During the remainder of the game Stewart, and Klunder, kept things moving for the Big Red.

DENISON 32

AKRON 35

The Akron Zippers again proved that they knew how to play basketball by winning a close decision from the Big Red. Despite the different style of play presented by the Akron team, the Denison men managed to out maneuver them to gather their points.

Akron was ahead most of the way but never was able to pile up a large margin.

DENISON 23

WITTENBERG 25

Held down by a slow pace, the Denison team lost a dull game to Wittenberg on the Springfield floor. Christman led the attack with 9 points and Dick Harman and Klunder followed with 4 apiece. Stewart took 3 points.

DENISON 36

OHIO WESLEYAN 44

The Ohio Wesleyan team, considered one of the strongest in Ohio, played a return game at Granville.

The Wesleyan five jumped off to an early lead and held it through the entire first period. At the start of the last half the Denison five staged a rally but were unable to keep up the fast pace and the game ended with the Big Red on the short end of the score.

High point man for Denison was Christman with 10 points, close behind was Klunder with 9, then R. Harman, Stewart and J. Harman with 4 apiece.

DENISON 29

OTTERBEIN 36

The 1934-35 season was brought to a close with a defeat at the hands of a strong Otterbein team. The Denison five lead the invaders at the start of the first and second periods, but toward the end of the contest, faltered.

Captain Harman, playing his final game for Denison set the pace for the Big Red with 10 points, while Klunder, also a senior, accounted for 6 points. Ashbrook also made 6 points.

Other members of the squad were given a chance to display their wares, and prospects for next year's squad looked pretty good.

After the close of the season, two weeks of practice were held, in order to shape up the 1935-36 machine. Underclassmen and members of the freshman squad worked out in these practice sessions and Coach Livingston made the numeral awards to the freshmen on the basis of their work in this period.

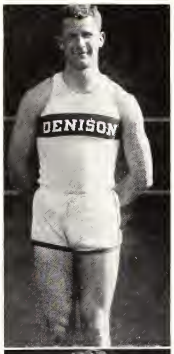

Track

Granville was the locale of the Ohio Conference track meet last Spring. Although the local trackmen finished fourth, the team had a very successful season, otherwise. An Oberlin man takes off into the pit on the running broad jump.

Seated—Adams, Jenson, Scheetz, Capt. Bacon, Robbins, Hughes, Warner.

TRACK, 1934

Denison's track season for 1934 proved to be very successful. The Big Red, under Coach Livingston defeated such schools as Muskingum, Kenyon, Otterbein, Ohio Wesleyan, and Marshall. The season was brought to a close by taking a fourth place in the 32nd Annual Big Six Meet.

Hundley, Winsor, Nicola, Scheetz, and Bickford throughout the season gave outstanding proof of their ability.

Bacon, Denison's nationally known dash man and hurdler, and Hauser were handicapped by injuries early in the season but proved to be very valuable toward the close of the season.

Two new school records were established. Winsor pole-vaulted to the heigth of 12 ft. 3 in. for one record while Sheetz ran the mile in 4 min. 36 sec.

Credit should also be extended to other members of the squad and to their coach who aided in such a successful season.

DENISON	84
MUSKINGUM	57
KENYON	21

Despite the absence of Bacon and Hauser for the first meet of the track season, Denison defeated Muskingun and Kenyon in a triangular meet on Deeds Field.

Hundley was the high point man of the meet, taking four firsts—in the broad jump, high jump, high and low hurdles.

In the two mile run, Bickford and Railsback took first and second places respectively.

Nicola led the field and easily won the 880 yd. run.

Denison's dash men, Lee and Winborn took first and second places in the 220 yd. dash.

In the field events the Big Red walked off with four of the six events. Winsor vaulted to a first place in the pole vaulting event while Robbins and Hundley tied for the high jump honors. Hundley also took first in the broad jump. The discus throwing event was won for Denison by Warner.

DENISON	100
OTTERBEIN	31

Two school records fell as the Big Red rolled up 100 points to Otterbein's 31 points.

The new records were made in the mile run and pole vaulting events. Sheetz ran the mile in 4 min. 36 sec., while Winsor vaulted over the cross bar at 12 ft. 3 in.

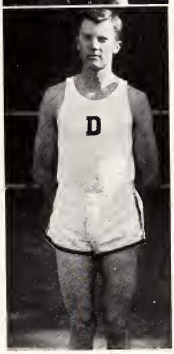

Hundley again took 4 first places—the broad jump, high jump, high and low hurdles.

Denison's representatives in the field events took all the first places except one. Bachrach, Winsor, Hundley, Warner won their respective events of shot put, polevault, broad jump, and discus.

Robbins and Hundley tied in the high jump.

OHIO WESLEYAN 58

Denison's traditional rivals, Ohio Wesleyan, journeyed to Granville only to be defeated by the Big Red.

Bacon and Hauser returned to regular position on the team after being out of the first two meets because of injuries and illness.

Bacon, Handicapped by his ankle which he sprained, had to be satisfied by only a second place in the 220 yd. low hurdles.

Hauser appeared to be in good shape as was seen by his winning the broad jump event.

Winsor was high point man for Denison. Winsor took a first place in the 100 yd. dash and second places in the 220 yd. dash and pole vault.

Nicola easily won the 880 yd. run as did Bickford in the two mile run.

The high light of the afternoon was the winning of the mile relay by Denison. The team was composed of: Hauser, Nicola, Adams, and Winborn.

DENISON 74½
MARSHALL 50½

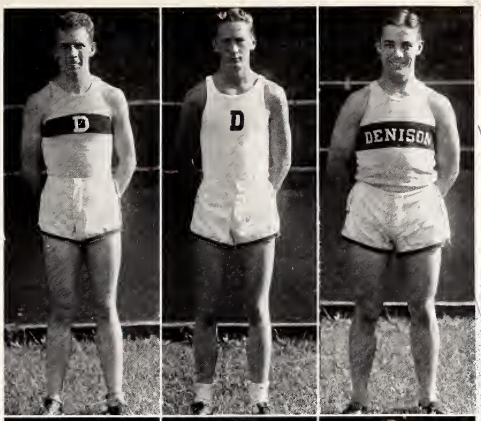

Denison's Big Red track team traveled into West Virginia to down Marshall by taking 10 of the 14 first places.

First place honors went to Hundley who scored 8½ points by taking a first in the 220 yd. low hurdles, a third in the 120 yd. high hurdles and tying for first, with Robbins in, the high jump.

Second place honors went to Winsor who accounted for 8 points by taking a first and second place in the pole vault and 100 yd. dash respectively.

Bacon showed great power, placing first in the high hurdles and second in the lows.

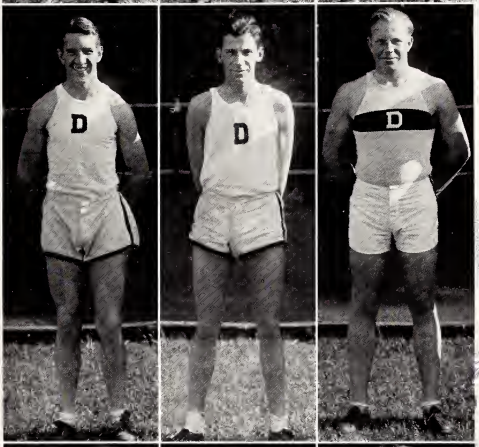

Other first place winners for Denison were: Winborn in the 440 yd. dash, Nicola in the 880 yd. run, Bachrach in the shot put, and Bickford in the 2 mile run.

DENISON	25

The climax of the track season in Ohio was brought about by the Thirty-Second Annual Track Meet of the Ohio Athletic Conference which took place on Deeds Field.

Denison, a favorite to win the Big Six title, emerged with fourth place honors.

Bacon, back in shape, took first places in both the high and low hurdles. Winsor vaulted to a first place in his event. In the high jump event Hundley was second. Sheetz took a fourth place in the mile run, while Nicola and Bickford took fifth places in the 880 yd. run and 2 mile run respectively.

The six seniors which participated in their last intercollegiate meet for Denison were: Ned Bacon, Herb Winsor, Fred Robbins, Paul Scheetz, Ernest Jensen, and Dave Railsback.

Minor Athletics

Sid Jenkins' Intramural Program is one of the best of its kind in the state. Unfortunately the winner of the all year trophy had not been decided at press time.

Minor Sports advanced this year. Baseball and Swimming teams represented Denison again for the first time in several years and Golf and Tennis teams also played schedules.

BASEBALL

This year's baseball team was Denison's first venture on the diamond in several seasons. The debut was not altogether successful, but next year's team should be in a little better shape, if a couple of good pitchers develop. The Denison nine was self supporting, and was coached by Ed Spear who graduated in 1934. Dick Kimball was manager. Following are a few of the games that were played:

Coach Ed Spear

DENISON	0
WITTENBERG	6

In the initial game of the 1934 baseball season, the Denison nine found themselves up against a stone wall when they faced James of Wittenberg. He did not allow a single hit.

Chapman allowed only 7, all in the first inning, but accounted for Wittenberg's 6 runs.

DENISON	11
CAPITAL	13

Denison's Big Red team lost a hard fought game to Capital by 2 runs. Chapman, Denison pitcher, struck out 10 of the batters to face him in 6 innings. Walker tied up the score in the 8th, but failed to bring across any more runs. Denison batting honors went to Estabrook, who had 3 hits on 4 trips to the plate.

DENISON	6
WITTENBERG	12

Wittenberg on a return game which was played here handed the Big Red another defeat. A great many errors by the Denison nine were responsible for the loss. However, the home nine drove out 13 scattered hits while the visitors only got 10.

Chapman and Hemingway did the pitching. The latter offered 11 walks, which forced in several runs.

Foster got 4 hits out of 5 times up. The highlight of the game was a homer by Hayes.

Seated—Alban, Foster, Estabrook, Furin, Rupp.
Kneeling—Trainer Davis, Coulton, Davis, Hayes, Ferguson, Chapman, Manager Kimball.
Standing—Trainer Webster, Watkins, Hemingway, Shoop, Walker, Daniels, Cole, Coach Spear.

The First Denison Baseball Nine Since 1931 Goes into Action on the Home Lot.

SWIMMING

For a number of years there has been no swimming team at Denison, but this year a number of men became interested and a team was formed. Many good swimmers were developed and it is evident that swimming may become one of Denison's strong minor sports.

Denison's inexperienced men ended their season with three wins and two defeats.

In the first meet of the year the swimming team met Ohio Wesleyan and handed them a 30 to 36 defeat.

The next meet was with Wittenberg at Springfield and again the Big Red was victorious by downing them 36½ to 29½.

A return meet with Ohio Wesleyan at Delaware followed, but here the Denison mermen suffered their first defeat, by a score of 35 to 31.

The next meet was with Wittenberg. This was also a return meet which took place at Cleveland Hall. The Big Red severely defeated Wittenberg by a score of 42 to 24.

For the final meet of the season the Denison team traveled to Oberlin where they met their second defeat. The score was: Oberlin 45, Denison 30.

Fred Franz served as Student Coach; Christians, Kernohan and Franz, swam the 100 and 200; Clissold the 50 and 100; Osmond swam backstroke, with Olt; while Pettit and McConnell swam the breast stroke. The sprint relay team was usually composed of Kernohan, Franz, Christians, and Clissold. McBride swam this event at Oberlin, as well as entering the diving. The medley relay was composed of Osmond, Pettit and Christians.

Left to Right—Franz, Christians, Pettit, Olt, Kernohan, Osmond, Clissold, McConnell.

INTRAMURALS, 1934-1935

BASEBALL

The Sigma Chi baseball team proved to be very powerful on the diamond as they are undisputed champions in Baseball. They won eight games and lost none for a perfect percentage. Kappa Sigs ended second in the league.

VOLLEYBALL

For the third consecutive year the Sig Alphs won the volleyball championship with a perfect record. Close behind were the Kappa Sigs and in third place were the Lambda Chis.

ARCHERY

For the first time in the intramural schedule of Denison, Archery was added to the Spring sports. The Commons Club duo found the bulls-eye continually and thus came through the season undefeated to win the championship.

SPEEDBALL

The Speedball trophy went to the Betas after being victorious in a championship playoff with the Sigs. Both teams played excellent ball throughout the season. Second and third places were taken by the Sigs and Commons Club respectively.

BASKETBALL "A"

The Kappa Sigs took the "A" League basketball honors as they came through undefeated in nine games. For second place there was a three way tie between the Betas, Commons Club, and Sig Alphs, with 6 wins and 3 defeats apiece.

HANDBALL

The handball trophy went to the Sig Alphs after a very close and interesting season. A playoff game, between the Sigs and Sig Alphs which resulted in a Sig Alph victory, brought the season to a close. Third place honors of the league were taken by the Commons Club.

SWIMMING

For the third year in succession the Phi Gams won the intramural swimming meet. The Fijis placed in every event except the 200 yd. freestyle. Thirty-five points were gathered by the Phi Gams. The Phi Delts with 24 and the Commons Club with 17, took second and third.

INDOOR TRACK

The Beta Kappa tracksters showed their superiority when they, for the second year in a row, captured the indoor track championship. The other fraternities placed as follows: Beta, second; Fijis, third; Sigs, fourth and Sig Alphs, fifth.

BASKETBALL "B"

The Sig Alphs "B" League basketball team came through to win the championship by defeating the Sigs in the playoff game. Thus the Sigs were forced to take second place while the Betas were next in third place.

WRESTLING

The Beta Kappa wrestling team was victorious in the annual intramural wrestling meet. A total of 27 points was accumulated by their team. The Betas were next in line with 18 points while close behind were the Phi Delts with 14 points.

GOLF, 1934

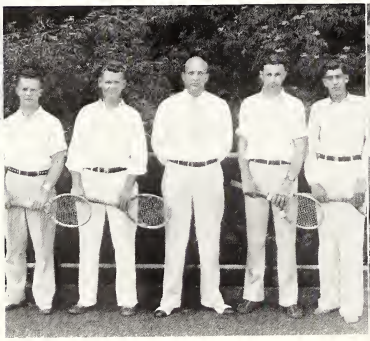

Denison's representatives on the greens and fairways were very successful during the season of 1934. Eight matches were won and two were lost. The defeats were by Dayton and Wittenberg. On return matches these defeats were avenged. Such schools as Ohio Wesleyan. Wooster, Kenyon, Dayton, and Wittenberg fell before the drives of the Big Red golfers.

The season was brought to a close with the Denison men placing third in the Ohio Intercollegiate Tournament held at Dayton.

The Denison team was lead by Captain Ashley, Ogsbury and Frederickson next with either Pearse or Otis playing in fourth position.

TENNIS, 1934

Coach Rich's tennis team played a series of meets this year against fairly tough competition. Stull, Nichols, Dix and Orcutt played No. 1 men while Ashbrook and Ebaugh were used as reserves.

W. A. A.

One of the outstanding achievements attained by W. A. A. this year, was the decoration of the W. A. A. room. Dorothy Hartshorn, the first Denison student to major in Art, did the murals for this room as her comprehensive problem in Art. As a result, the Denison W. A. A. has one of the best club rooms of its kind anywhere. The murals represent the various activities: Archery, Baseball, Basketball, Dancing, Golf, Hockey, Riding, Swimming, Track, Volleyball and the forms of Outings.

One of the main projects of the year was the Camp Leadership course, which was in the charge of the Outing Board. This course lasted from October 15 to 20, as many as seventy-five girls attending the lectures and discussions which were held during the week. Members of the Physical Education department as well as speakers from Newark and Columbus talked at these sessions. An over-night trip to the cabin was a special part of the program.

In February, the Outing Board sponsored a Winter Frolic to the cabin, and throughout the year sponsored hikes and outings. W. A. A. purchased sleds, skiis, bicycles and roller skates and these were available to all students. This venture proved very popular especially during the winter season and in the spring.

In March, Orchesis presented their annual dance recital and on Mother's Day week-end cooperated with the Y. W. C. A. in presenting a Worship Dance Program in Recital Hall.

W. A. A. has succeeded throughout the year in keeping in touch with other colleges in Ohio. A team of six girls was sent to Cincinnati on March 16, where they beat Wittenberg in basketball. In April, five delegates were sent to Athens to represent Denison in the Ohio State W. A. A. Convention. In May Denison acted as Hostess to three Ohio colleges in a Play Day.

W. A. A. has done a great deal in cooperation with W. S. G. A. as well as the Y. W. C. A. in an effort to unify women's activities on the campus. As a step toward the proper distribution of activities among the women, the new central file system was established. The activities of each coed are listed in this file.

Early in the fall, W. A. A. gave a party for the freshmen. Members and frosh alike took a trip on hay racks to the cabin, where supper was served. Later in the year, the freshmen were entertained at a Spook Party in the women's gym. W. A. A. had a large part in running off the activities of Scrap day.

WEARERS OF THE "D"

The first meeting this year was held at the cabin. At the next meeting a summer sports review was given and Dick Howe showed his movies of Denison. In November, an International Sports World program was presented; and in December an open meeting was held, where an Olympic Sports reel was shown. In February W. A. A. conducted a Health Campaign; the campus was posted with signs, "Have you Calorie Blues?", "Are you a Camel fan?". For five weeks many of the girls regularly observed the health rules. In the spring meeting, an Outside Speaker expounded the values of track for girls. The year's activities ended with an outdoor powwow.

Fifty-six new members were admitted into W. A. A. this year; and there were three new Wearers of "D".

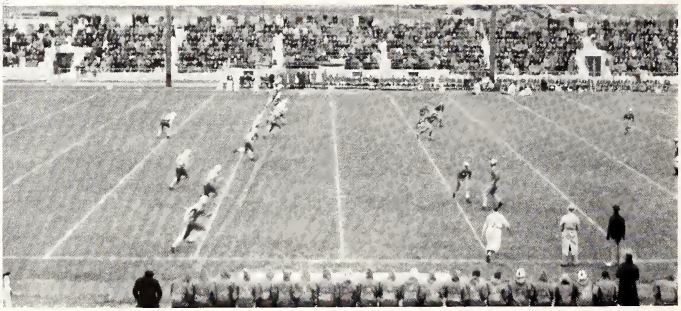

At the close of the year six seniors have won their awards. They are Carol Dorr, Elizabeth Anderson, Lucille Perry, Esmah Orcutt, Rebecca Matthews and Antoinette Landrum.

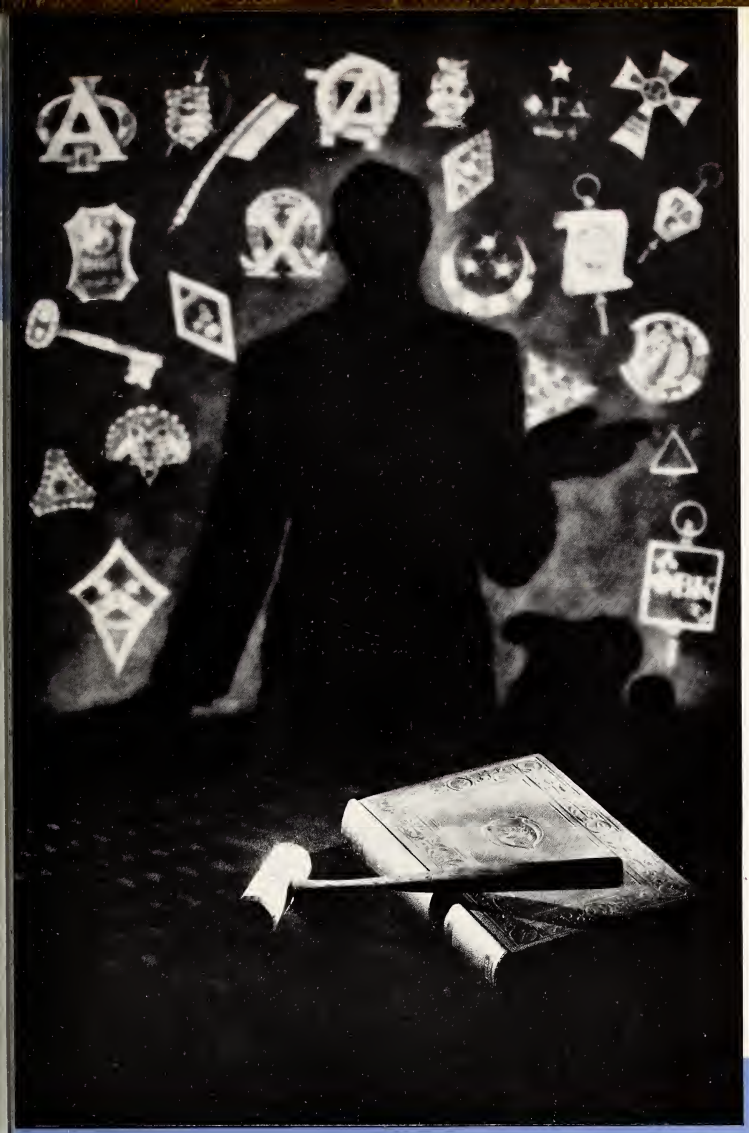

Organizations

INTERFRATERNITY COUNCIL

JOHN OSMOND

Major achievements of the Interfraternity Council, this year, vitally affected the fraternity life on the campus. This year the Commons Club was elected to membership in what was formerly the Pan Hellenic Council, bringing that group to the same status as the greek letter fraternities on the campus.

Beta Kappa led the movement toward the abolition of Hell Week, by doing away with it entirely as a part of their initiation this year. Other fraternities followed the lead of the B.K's, and the majority of the fraternities voted to dispense with the traditional week of freshman hazing. This manifesto will go into effect next year.

The interfraternity banquet, sponsored by the Council, is proving popular as an annual event. This year the banquet was again held in the Baptist Church and was attended by most of the men in school. Dr. F. W. Shepardson, national president of ΒΘΠ, and an alumnus of Denison was toastmaster and Fred J. Mulligan, former travelling secretary of ΦΔΘ, and formerly Assistant Dean of Men at Ohio State, was the principal speaker.

Although the subject of several critical editorials in the Denisonian during the course of the year, the Interfraternity Council continues to represent the majority of Denison men.

John Osmond served as President of the group this year, with Charles Frederickson, acting as Secretary and Mat Mawhinney, Treasurer.

PAN HELLENIC COUNCIL

Rebecca Matthews

Like the Interfraternity Council, the Women's Pan Hell is composed of two representatives from each group. Founded on high ideals, the Council's purpose is to promote a finer spirit of friendship between the seven sororities on the Shepardson campus. Regular meetings are held at the various sorority houses.

One of the major problems of Denison Sororities is freshman week. A great deal has been done on the part of the Pan-Hellenic Council to iron this problem out. Former rushing rules have been complicated and impractical to an extreme. The Pan-Hell Council has made considerable progress on this problem during the year. Next year, the women will have the advantage of getting rush week out of the way earlier in the year.

WOMEN'S STUDENT GOVERNMENT

The Women's Student Government Association, organized in 1901, is concerned with plans touching on all phases of our group living. Nationally our W. S. G. A. is associated with the Intercollegiate Association of Women Students. In 1936 Denison will be hostess to the President of the Central District of I. A. W. S.

Rules and regulations necessarily form a very important phase of our work. During the past year, campuses have been given to those who came under the jurisdiction of W. S. G. A., several minor rules have been changed, the point system revised, radio rules and privileges established, and petititions presented for Sophomore riding privileges and permission to be given for Senior girls to have their cars on campus following Spring vacation.

The General Jam, one of our outstanding traditional social functions, was held in the Stone Hall parlors September 29th. At this time the men of the school were formally introduced to the new women. The other traditional social function,

Esmah Orcutt, *President*

Ida Virginia Roudebush, *Chairman of Judiciary*

Louise Wagner, *Treasurer*

Charlotte Talbott

the All Shepardson Dance, was held as a Tea Dance on Saturday, Feb. 2nd. Other social functions sponsored by W. S. G. A. were dormitory teas, formal dinners, recreation nights, Christmas Sing, and a Benefit Movie and Stage Show.

To help secure better Freshmen Orientation, W. S. G. A., in charge of the Big Sister Organization, cooperated with other organizations during Freshmen Week, and in cooperation with the Debate Board, sponsored a Freshmen Intersorority Debate Contest. W. S. G. A. has also had charge of Women's Chapel throughout the year.

Working in cooperation with the other organizations for women, W. S. G. A. initiated a Leadership Day for officers of the organizations and developed the Central File system to determine the organizational activities of each woman. A joint M. S. G. A. and W. S. G. A. Curriculum Committee was appointed. A joint committee to work with the Student Affairs Committee was also appointed. In cooperation with the Student Affairs Committee, M. S. G. A. and W. S. G. A. held on March 9, our first student and faculty educational conference or Denison Anti-Mortem.

One of the lovliest functions sponsored this past year by W. S. G. A. was our Old English May Day held in the South Plaza in May in honor of the May Queen, Denison Senior Women, and the Mothers of Denison Students.

The Women's Student Government Organization is an organization designed to afford opportunities for self government and student initiative to the women of the university. Through the activities of W. S. G. A. it is to be hoped that in some measure the women may contribute to the realization of the ideals of Denison.

Richard James, President. John Osmond, Vice-President, who succeeded James.

Matthew Mawhinney, Secretary. He left school at semesters, together with James. Charles Frederickson, Treasurer and Representative of the Senior class.

MEN'S STUDENT GOVERNMENT

This year great strides have been taken by the Officers of the M. S. G. A. toward bringing more power to that organization. Working on the assumption that students should have more to say about the policies of the administration which affect them so vitally, the Student Government almost succeeded in actually accomplishing this end, during the past school year.

Tangible accomplishments of the M. S. G. A. are found in several substantial loans to some of the Men's Honoraries, which found themselves in lowered financial circumstances this year.

Due to the fact that Richard James, President of the M. S. G. A. found it expedient to transfer to Harvard at semesters, the work for the remainder of the term fell upon the capable shoulders of John Osmond, former Vice-President.

Next year's presidency went to Ed Bordner in the Spring elections, Dick Neuschel was elected Vice-President.

OMICRON DELTA KAPPA

Richard Harman

The OΔK Shelter House, outstanding campus project of the Denison circle of OΔK, was fast becoming a reality as the Adytum went to press. Appealing to campus organizations, faculty and alumni, OΔK, finally had enough contributions to begin work on the house during Spring vacation. Plans for this building were drawn up by Prof. Horace King of the Art department; the shelter is located on Sunset Hill and is to furnish a locale for class picnics and student outings.

In the fall, OΔK initiated the following: John Bjelke, alumni secretary; Dick Kimball, student leader of the Glee club; Bob Taylor, captain of Cross country; Dick Neuschel, president of the Junior class; and Jas. McConnell, Editor of the Adytum and football manager. In the spring, several more were initiated on the basis of campus leadership.

OΔK was founded in 1914 at Washington and Lee and now has circles in 40 American colleges and Universities. The Denison chapter was established in May, 1933, and has already reached a place of importance on the campus.

The purpose of OΔK is to recognize men who have attained a high standard of efficiency in college activities; to bring together the most representative men in all phases of collegiate life in order to mould the sentiment of the institution on questions of local and intercollegiate interests, and lastly to bring together members of the faculty and student body on a basis of mutual understanding and interest.

Richard James served as president of the local circle until semesters, when Dick Harman, vice-president, succeeded him. Dr. Lindsay is secretary and Tom Hage treasurer of the chapter.

BLUE KEY

Blue Key's annual Homecoming program was the major activity of the group this year. Over 1000 alumni were back to see the Case game. Denison at that time was leading the Ohio conference and had just defeated Wittenberg 56-0. Blue Key planned a Pep Rally for the eve of the game in keeping with the status of the team. Freshmen were instructed to turn out in pajamas, and each one was to have a broom. The students met Friday night in front of the Sigma Chi house, the brooms were soaked and lighted, Otis and his boys led the cheers, the Band played and the torch-light procession started down town. The festivities lasted all night. Every street in Granville was painted and there were signs posted all over town.

The usual greased pig race was run off between the halves. Due to lack of cooperation on the part of the pig, this was not very successful.

The organization also sponsored the Father's Day program held the day of the Marietta game, and had a major part in planning the annual sub-freshman day.

The Denison charter was granted in 1931, the organization being formed from what was known as the Denison Boosters club. Blue Key meets monthly, is composed of two representatives from each fraternity, a Senior and a Junior. Elections come annually in the spring.

The purpose of the honorary is to boost Denison, both in spirit and in recruiting freshmen. The officers for this year were: Harvey Klunder, president; Robert Marvin, secretary and Lucian Warren, treasurer.

PI DELTA EPSILON

Pi Delta Epsilon, National Journalistic Honorary, began the year, faced with a deficit in its treasury. Succeeding Charles Stull, former president who was unable to re-enter school this fall, Jack Evans, the new president undertook to get the organization back on its feet, financially. Toward this end, George Ashbrook and Danner Hagerstrand were commissioned to publish the Blotter and Student Directory, respectively. When all accounts had been reckoned the deficit was considerably lowered.

A 25 dollar gift from M. S. G. A. Treasury put the organization in the clear again. Besides wrestling with its tangled finances, Pi Delta Epsilon conducts round tables on Student Publications, listens to Speakers prominent in the journalistic world. Next year the group is tentatively planning to be host to the National Convention of Pi Delta Epsilon, which should considerably increase the prestige of the local chapter.

Granted its charter in 1929, the Denison Chapter of Pi Delta Epsilon pledges itself to "create and maintain an interest in journalistic activities in the student body." Its membership is composed of all the prominent members of campus publication staffs, meets bi-weekly at various fraternity houses. Considerable guidance is given by two capable faculty members, Prof. Mahood and Prof. Whidden. Max Meuller, local photographer was elected to membership in 1932 in recognition of his interest in Denison Journalism.

PHI MU ALPHA

Harold Wiley

The "Maid Mistress" by Pergolesi, presented in Recital Hall last fall, was Phi Mu Alpha's greatest contribution, as an organization, to the campus musical program this year. By abandonning its former policy of charging admission for the performance, the hall was filled to capacity. The operetta was a three act farce; members of ΦMA taking part in it were Walter Clissold and Fred Warner. Jean Lindstrom sang the role of the maid; the operetta being given in conjunction with ΔO. On the same program was also presented Mozart's "Bastien and Bastienne", another musical farce which was presented by a group from the Woman's Music Club of Dayton.

With an active chapter of eighteen members who are keen to do even more toward carrying out the purposes of this fraternity on the Denison campus, prospects are bright for another successful year.

Faculty members of the fraternity are: Dewey Amner, Paul Biefeld, Fredrich Detweiler, Karl Eschman, Don Fitch, Sam Gelfer, Arthur Huff, George Morgan, Brayton Stark, Malcolm Stickney, and William Utter.

Phi Mu Alpha was established at Denison in 1912 as a national honorary musical fraternity for men. Founded at the New England Conservatory of Music in 1898 it has earned unprecedented place in musical circles of America. Most of the outstanding men in music today are members of this fraternity, and constantly add prestige to this already prominent organization. The Denison chapter is constantly growing in the estimation of its neighbor chapters, and in as much as it represents, to a large degree, the musical leaders on the Denison campus it takes a most active part in all musical programs and affairs.

DELTA OMICRON

Acting with ΦΜΛ, men's musical honorary, ΔΟ presented La Serva Padronna, light operetta, as its part of the musical activities of the campus. The opera was staged in the Fall, with Jean Lindstrom, Walter Clissold and Fred Warner taking the three roles. A full house indicated the success of the presentation on the Campus. Mr. Eschman presented the leading players to an audience in Dayton, where it was also well received.

The organization was installed on the campus in 1915 as a national professional music honorary sorority. Standing for superior ability and interest, it represents the highest recognition of music attainment for women at Denison. Membership is confined to those who have gained musical prominence. Delta Omicron has done a great deal to make and promote interest in musical activities on the Denison Campus.

The National Spanish Honor Society, Sigma Delta Pi, has for its object, the constructive encouragement of those interested in things Spanish, by providing a background for activities and recognizing excellence in academic work or in special activities. It is for the most part a graduate society which elects a limited number of undergraduate Seniors and Juniors. Consequently the number of members is rather small.

Due to the relatively small number of members, Phi Chapter holds but a few formal meetings, which are conducted in Spanish. The members participate in other forms of activity such as the Circulo Castellano, the presentation of Spanish plays, and the observation of anniversaries or other events of importance to Hispanists.

ETA SIGMA PHI

Zeta chapter HΣΦ was founded at Denison on December 16, 1925. It is a national honorary fraternity whose members are drawn from students interested in classical languages and civilizations.

Each year the organization presents a medal to the most outstanding Latin student in the University. Regular meetings are held and talks and readings are given concerning Latin and Greek traditions. The club has travelled to neighboring towns in an effort to arouse an interest in high school students in the Classics.

The fraternity, organized in 1923, has grown rapidly, until now there are 42 chapters, four of which are in Ohio. In an effort to better understand the common interest of the fraternity, delegates are sent to the national convention in April and the local chapter, at least once a year, has a meeting in colaboration with the other Ohio chapters.

NEUSCHEL ORCUTT SNAPP MORRIS MAXWELL

TAU KAPPA ALPHA

Members of TKA, national Honor Forensic fraternity, played an important part in Denison's debate schedule this year. Such schools as Wooster, Western Reserve, Ohio State, Ohio U., Ohio Wesleyan, Cincinnati, Xavier, Bowling Green, Kalamazoo, and Penn State were on the schedule, and over 20 intercollegiate debates were held with these teams.

TKA, was founded in 1908, has grown rapidly until now there are 76 chapters. Its purpose is the furtherance of interest in debate. Members are elected on a basis of excellence and continued participation in debate. They form a prominent part of debate teams.

That the organization has succeeded in fulfilling its goal is evidenced by the increasing popularity of forensics on the campus. This year, two teams represented the men; the women also had a team. In addition to this, an active freshman debate squad met several College teams and made extensive trips. Freshmen engaged in an intersorority competition, which aroused a great deal of interest. TKA hopes to sponsor a similar program among the men next year.

Active members of the chapter include: Dr. Lionel Crocker, Kenneth Maxwell, Glenna Snapp, Esmah Orcutt, Richard Neuschel and Miriam Morris. Newly elected members are Loren Souers, Sam Phillips, Miriam Dorr, Phyllis Taber and Frances Erb.

CAP AND GOWN

Cap and Gown is petitioning Mortar Board, National Women's Honorary in an attempt to secure a charter for the Denison Campus. The Expansion Director of Mortar Board who was entertained by members of Cap and Gown, paid a visit of inspection to the local organization this year.

The senior honorary grew out of an organization of a similar nature, White Nuns, and was founded as Cap and Gown in 1928. Initiation into this organization represents the highest possible honor that can be given members of Sheperdson College.

Initiates are chosen on the basis of scholarship, womanliness and service to the University. New members are pledged each year at the May Day Festival on Mother's Week-end. The purpose of the honorary is "to support the finer things in college life and to do constructive service whenever possible."

CROSSED KEYS

Crossed Keys is a local women's honorary society organized in May 1926. It is composed of outstanding women of the Junior Class chosen at the end of their Sophomore year on the basis of scholarship, activities, and service to the University.

One of the goals of the organization is to foster and promote class spirit. Another is to sponsor a friendly feeling between campus social groups.

Last fall Crossed Keys members helped prepare the Freshman girls for Scrap Day events. Crossed Keys was also responsible for the orderly arrangement of chapel attendance. They joined hands with Blue Key in arranging Denison's annual Sub-Freshman Week-End.

The members of Crossed Keys have held regularly scheduled meetings at the various sorority houses.

DENISON CHAPTER

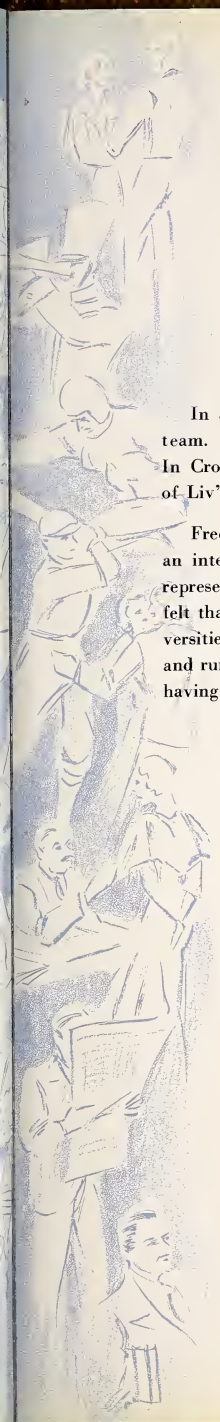

Starting with 25 actives and 15 pledges A. C. C. has had a year scholastically outstanding, athletically well balanced and socially refreshing.

Although we had representatives on varsity football, cross-country, swimming, track and baseball teams, most emphasis has been placed on intra-mural competition. Third place was gained in speedball and we also tied for third in the basketball "A" league. The swimming team took second place, and our handballers placed third in the final intra-mural standing. Last (and, perhaps, least) the Sweeder-Muench combination took the ping-pong doubles championship.

Beside the three big parties of the year there were a number of conventional "open-houses" with occasional variations such as the "rough-neck" party in October and the "Commons Club Parade" in April. There were also a few Sunday evening gatherings with faculty members, among which brother Gelfer's recital was notable.

One of the high spots in the history of the chapter was the inter-fraternity banquet on February 11 at which the admission of A. C. C. into the Inter-Fraternity Council was officially announced.

At the end of the first semester the Club stood second in scholarship with Wib Christians and Don Western stringing up a complete row of "A's". Other campus organizations in which members have been active include the Glee Club, with Dave McKechnie as manager, Denisonian, M. S. C. A., Junior class, Prom committees and C. Y. P. U.

AMERICAN COMMONS CLUB

In athletics, Grove Wickenden was our sole representative on the football team. Although he didn't win his letter he saw service throughout the season. In Cross Country, Bill Christians, Don Western and LaMarr Rice, were three of Liv's mainstays among the Harriers.

Fred Franz was largely responsible for the reorganization of swimming as an intercollegiate venture. It has been several years since Denison has been represented by natators, and Franz, together with Bill Christians and others felt that there was enough material in school to compete against other Ohio universities. As a result, the swimming team was organized, a schedule arranged and run off. Denison finished the season with only two losses out of five meets, having beaten Wesleyan once and Wittenberg twice.

ALPHA ETA CHAPTER

Although we Woogies have only two "all year" cars on the hill, we have had a little luck in other things. Ten of the brothers tried their hand at Football this fall, and seven of them made letters; also the manager, Jas. McConnell. This brought the second "D" for Winborn, Alexander and Rupp in football, and Clissold, the Meier twins and Sitterle won their first awards. "Rover" Rupp and Bob Alexander played on the baseball team last spring and Winborn, Hundley, Warner and Bordner were on the track squad. Klunder, Ashbrook, Gordon and Sitterle, who were out for basketball, all won letters.

Steward Evans, who had such a time holding down the number of bands for the Prom last year, was elected President of the class of 1934 as well as President of ΠΔΕ. He and McConnell are also members of ΟΔΚ, and Jas. was recently elected Vice-President of ΠΔΕ. Jimmy Cox served as President of the Sophomore class, and Ed Bordner was elected President of Men's Student Government during Spring elections.

"C. J." Clissold is active in musical circles, was elected to the Board of Control of Music this spring, is the new President of ΦΜΑ, the Publicity director of the Glee Club, sings in the chapel choir and serves as chapter Music Committee as well. Warner and Ebaugh are in ΦΜΑ and the Glee Club. "Lem" is also famous for his dramatic portrayals.

Reely serves as Associate Editor and Thorsen reaps ads from the merchants of Newark, both for the Denisonian and Adytum. Red Lawrence, the only brother interested in the M. S. C. A., was elected to head next year's Freshman camp. He and his room mate, Thorsen, both pulled down straight "A's" this semester. Harvey Klunder, chapter Vice-President, served as President of Blue Key and he and "Doc" Winborn were official staff photographers for the Adytum.

In the minor sports, Prexy Frederickson won his "D" in golf, while Paul Ashbrook won a letter in Tennis. Ebaugh and Orcutt also were on the squad. Clissold won a letter in swimming and McConnell also swam. If "Lamb" Frederickson has his afternoons free this year, he has a chance to win his second letter in golf.

The brothers have taken an interest in the "all year" Intramural trophy. We already have two legs on the plaque and chances look fair to win this permanently.

GAMMA XI CHAPTER

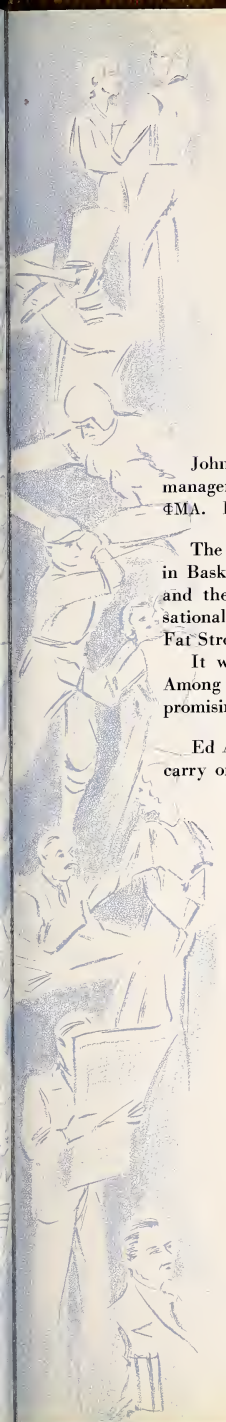

(Written by a staff member.)

With the return to Granville of brother Jim Wooten, chapter affairs at the Gamma Xi house took a new rise. This year we housed two members of OΔK; two Blue Key men: three football lettermen, Captain and lettermen in Cross Country as well as representatives in basketball and baseball.

One of the biggest men in Student affairs hangs his hat at the Kappa Sig house. Ken Maxwell, retiring president of the Men's Student Christian Association, which he did so much toward organizing, is also a member of TKA, the debate team; OΔK, President of the Franco-Calliopean Society, and an athlete. (Letterman in Cheerleading.)

Bob Taylor is also a member of OΔK being among those initiated last fall. He was Captain of Cross Country, a letterman in both Cross Country and Track and served as President of the Engineering Society. Charles Arnold was recently nominated class Treasurer in the spring elections and served as co-chairman of the Decorations committee for the Junior prom.

Ted Johnson and Er Holth are two of the chapter's most promising athletes. Ted won a letter as reserve quarterback last fall and is playing baseball this spring. Erwin Holth is a stellar backfield man, in fact it was Er that almost won the Case game. Cole also is something of an athlete; he won a "D" in baseball last spring and has been out for basketball two years in a row.

KAPPA SIGMA

John Bigelow is very active in musical circles, being assistant to the business manager of the club this year as well as a member of the Varsity Quartet and ΦMA. Ernie Spring and Jay Houser are also members of the Glee Club.

The Chapter has been doing well in Intramurals, having won the "A" league in Basketball. Especially strong showings were made by the White, the Red and the Green in Speedball, Baseball and Volleyball. In fact, the most sensational play in intramural basketball for the entire season was attributed to Fat Stroupe who shot for the wrong basket, tallying two points for the Phi Delts.

It was our fortune to pledge an especially strong freshman class last fall. Among our frosh are potential gridders, basketball men, scholars and an especially promising dramatist.

Ed Agin served as chapter prexy for the year and Gilbert Cole was chosen to carry on for next year.

GAMMA IOTA ZETA OF

The school year of 1934-35 opened very successfully for Gamma Iota Zeta of Lambda Chi Alpha. The first few weeks of rushing netted twelve pledges who more than filled the vacancies made by the graduates of 1934.

The social season started with the usual open house "vic" dances followed by the Fall Frolic which was attended by several brothers from Ohio State University and Colgate. The dance was a huge success, made even more so by the presence of these visitors. The pledges then gave two parties, the first being a Hallow'eve party and the second the annual Pledge Formal. Both were well attended and enjoyed by all.

The Christmas Formal, social highlight of the year, proved to be even more entertaining than ever. All the student members and many of the alumni were present to dance to a good orchestra; the party was pleasing from start to finish. The Spring Formal also was a success.

Gamma Iota's intramural season was a great deal better than the past few years, with several men selected for the all league basketball teams, both class A and B. The chapter looks forward with an optimistic attitude toward its possibilities in next year's intramural program.

In Varsity athletics the chapter was well represented. Two numeral winners this year and other good prospects promise more "D" men in the future.

Hube Foster, playing his second year of Varsity competition, ran off with scoring honors in football this fall. For a long period of time, he was running second to Turley of Wesleyan for high point man in the state. Hube was elected to captain next year's squad.

Clint Nichols, was one of the steady net men on Rich's tennis squad last year, and he should turn in a good performance this year as well.

King Boutwell has been very active in debate, while Jim Southard was elected to Sigma Delta Pi, Spanish honorary. Harry Willett is a member of the Glee Club and ΦMA.

The election of new officers brought forth Richard Gernhardt as President, Ira Martin as Vice-President, Charles Banning as Secretary, Charles Taylor as Social Chairman, Harry Willett as Pledge Leader and Hendley Gregg as Treasurer. Dick Howe is the chapter's advisor. It is in these men's hands that we leave Gamma Iota Zeta of Lambda Chi Alpha at the close of the school year.

OHIO IOTA CHAPTER

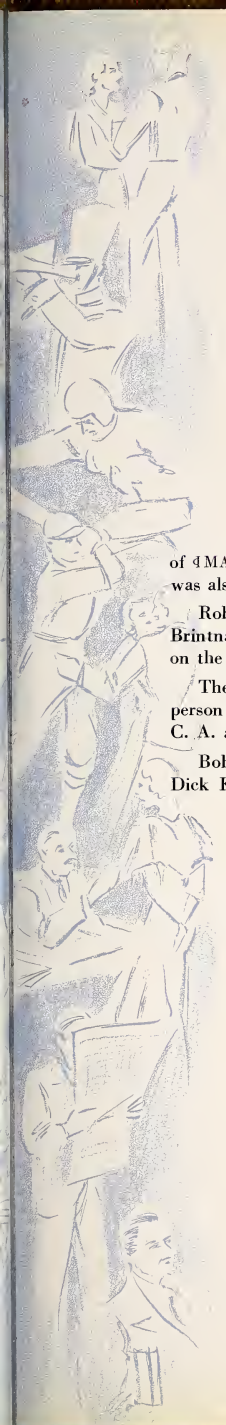

Our big man on the campus, during the past year, was Richard James who acted as President of Men's Student Government Association, during the first semester, being the first man in the history of the school to be elected on the first ballot. James, who graduated in mid-year, was on the honor roll during all of his four years. He was also President of ΟΔΚ, a member of ΦΒΚ, a member of the Y. M. C. A. council, ΠΔΕ and Masquers.

Bob Marvin acted as President of Masquers of which William Deam was also a member. Richard Kimball and Robert Marvin were members of ΟΔΚ, while Richard Tappan and Robert Marvin were affiliated with Blue Key. Marvin held the Secretary's office.

Tom Ferguson, Captain of the 1934 football teams, led our athletes. He was also President of the "D" Association, a member of the board of control of athletics, and coach of the baseball team. Joe Austin, and William Bunje were on the football squad, while last spring's track team was captained by Ned Bacon, holder of the Big Six low hurdle record. Ernest Jenson ran the mile on the same team.

In publications, Richard Tappan was Editor of the Denisonian, director of the News Bureau, a member of the board of control of publications and a member of ΠΔΕ. Richard Davis was circulation manager of The Denisonian and a member of ΠΔΕ. Loren Souers, Argyle Wolfe, Jack Eggert, Loren Conger, Earl Wilkinson, John Dunnick and Donald Winchell were on the editorial and business staffs of The Denisonian.

Richard Kimball was director of the Glee Club of which Arthur Kent, Loren Conger and Robert Marvin were also members. Harold Wiley acted as President

PHI DELTA THETA

of ΦMA and is due for election to ΦBK, along with Richard James. Arthur Kent was also a member of ΦMA.

Robert Marvin served as Chapter President the first semester, and Arthur Brintnall, the second. These two, with Richard Tappan represented the fraternity on the Interfraternity Council.

The presidency of the Freshman class also fell to Phi Delta Theta, in the person of Milfred Mussard. James Morgan was President of Freshman M. S. C. A. and Walter Page was Secretary.

Bob Marvin and Bob Lietch were co-managers of track last spring, while Dick Kimball managed the baseball team.

LAMBDA DEUTERON CHAPTER

During the school year of 1934-1935, the Fijiis enjoyed a highly successful year under the guidance of John Osmond, President; John Montgomery, Treasurer; Lucian Warren, Secretary; John Olt, Recording Secretary and James Truesdall, Historian. Tom Hage was elected Secretary when Lucian Warren was forced to drop out of school because of illness.

The outstanding event of the year was the Semi-Centennial celebration under the guidance of Don Powell. Over two hundred actives and alumni were present to celebrate fifty years of Phi Gamma Delta at Denison.

Campus activities occupied much of the time of many a Fiji. Six Phi Gams were on the varsity football squad that came within an ace of annexing the Ohio Conference Championship. Carl Christman and Wayne Ketner represented us on the varsity basketball squad. Christman gained all-conference honors, and was high point scorer of the team. William Geffine did a very good job as manager of the Big Red cagers. The varsity swimming team was the interest of many of the men. John Osmond, John Pettit, John Olt and Bill McBride earned minor athletic letters for their efforts in this sport. The Fijis also won the intramural swimming meet. Tom Sheldon, a freshman, was the outstanding swimmer of the day. Tom Hage and Ralph Siekman were out for the baseball club, while Frank Johnson, Bob Jones and Tom Cudmore confined their interests to track.

Over one hundred guests were present at the annual Townsmen's Reception, which is one of Lambda Deuteron's more cherished traditions.

Many of the brothers were interested in campus publications. Lucian Warren was the Editor-in-Chief of the Denisonian, until he was forced to withdraw from school because of illness, and Tom Hage was Business Manager of the Denisonian. Joseph Carabelli was on the Adytum staff in charge of the sports section. Tom Cudmore was Sports Editor of the Denisonian, while Wilbur Wilson, Richard Pearse, Ralph Barr, and Robert Van Wagoner did work on the circulation, business and general news staffs.

John Osmond and John Olt were elected to ΦBK. "Ossie" was also President of the Men's Student Government and President of the Interfraternity Council. Tom Hage and Lucian Warren were members of ΠΔE, journalistic fraternity. Hage and Osmond were also voted into the membership in ΟΔK.

The Glee Club had eight Phi Gams in the group. They were Neill Arnold, John Olt, Tom Cudmore, Wilford Pearse, Bennett Austin. Ralph Lidster and Robert Van Wagoner.

Don Powell was elected to the office of President of the Men's Student Christian Association in the Spring elections.

At the last election of the chapter Don Powell was elected President; William Geffine, Treasurer; James Truesdall, Secretary; Harmon Darrow, Recording Secretary and Tom Cudmore, Historian. These men will lead Phi Gamma Delta through the year of 1935-1936.

OHIO MU CHAPTER

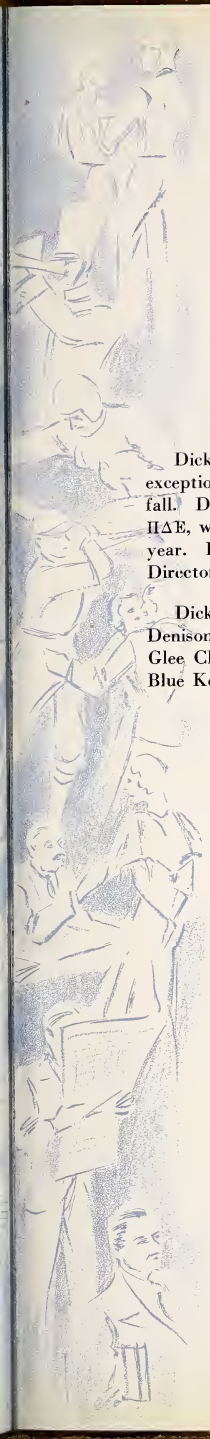

(*Written by a staff member.*)

Although none of the active chapter were on the varsity football squad this fall, Sigma Alpha Epsilon will be represented next year by a strong group of sophomore men. Jack Rader, Bob Vorhis, Bob Robeson, Bob Broughton, Ted Beadle, Fred Roessler and Chuck Murray all have a good chance to make the varsity next fall.

West, Broughton, Myer and Murray made the freshman basketball squad this season and should be in line for regular berths in a couple of years. Bob Broughton is also a very tough track man and should shape up well next year.

Although none of the active chapter is engaged in varsity sports, we have had a rather successful year in intramurals. We did very well in speedball, basketball, wrestling and volleyball.

Dick Neuschel, who has been chosen by the brothers to take over the presidential gavel for next year, was elected Vice-President of M. S. G. A. and served as President of the Junior Class this year. He also is a member of ΟΔΚ, ΠΔΕ, and is the newly elected President of TKA. "The Kid" has been an associate editor of the Denisonian all year and starred in Masquer's production, "Journey's End" in the role of Raleigh.

SIGMA ALPHA EPSILON

Dick's older brother, "Sherm", was recently chosen, solely on the basis of his exceptional work as trainer, to manage the football team this spring and next fall. Danner Hagerstrand, prominent in campus publications and a member of ΠΔΕ, was recently chosen as the Business Manager for the Denisonian for next year. He also claims connection with the Adytum and has edited the Student Directory for this year.

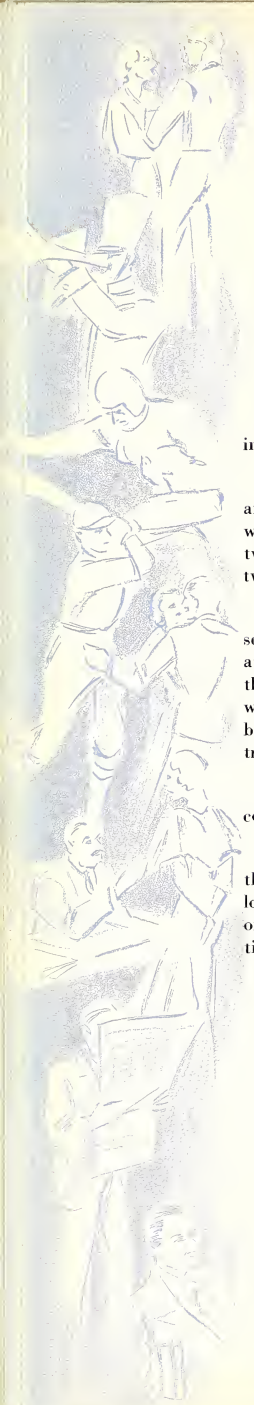

Dick Coelho, who was prexy during the past year, was Sports Editor of the Denisonian, a member of ΠΔΕ, a member of the board of control of Music, the Glee Club, ΦΜΑ, Chapel Choir and Varsity Quartet. He also is a member of Blue Key.

MU CHAPTER

Mu Chapter of Sigma Chi during the past year reported one of the best years in its sixty-seven year history at Denison.

To start off the year, the chapter pledged twenty-three men, one of the largest and strongest groups on the campus. This pledge class furnished the chapter with five freshman football men, three receiving sweater awards and two numerals; two freshman basketball men, the temporary president of the freshman class, two freshman debaters, two freshman players, and one straight "A" student.

In varsity football, nine Sigs, five of them lettermen, were on the Big Red squad, which was one of the strongest in years. Eight members of the "A" Association also make their home at the stone pile on the hill. At several times during the regular basketball season, a quartet of Sigs appeared on the floor, three of whom were letter winners. The call for varsity baseball in the spring was heard by five of Mu's men. One of the varsity track managers and one of the football trainers also are Sigma Chi's.

A varsity golfer and a tennis man as well as three of Livy's best track men complete the athletic inclinations of the Sigs.

The "B" league basketball team as well as the speedball squad both tied for the championships in the intramural contests at the end of the season but both lost in the playoffs. The handball doubles team also finished a successful season only to lose the title in an after season game when the year ended in a two-way tie.

Honoraries on the campus were also well filled by the Brothers: two members of Blue Key including the past president, the president of ΟΔΚ, a member of the board of control of athletics, one member of ΦΜΑ and two Phi society members.

Other activities listed by the men of Mu were: three members of the Adytum staff, six members of the editorial, circulation and business staffs of the Denisonian two cabinet officers of the Men's Student Christian Association including the secretary, the head cheerleader and an assistant, not to mention the two Kings of the upper and lower "sems".

Under the direction of the social chairman and our new housemother, Mrs. Shelton, a very successful season of weekly open houses was held, as well as the regular fall, winter and spring parties.

ALPHA IOTA OF BETA KAPPA

Beta Kappa has had to wrestle this year with that stalwart fellow, Handicap, but has finally pinned him. Eight active members returned last fall to carry on, with the loss of president and vice-president, who failed to return to school. Alan Larimer and Kenneth Alban were elected to replace them, and during the rushing season eight men were pledged.

In fall varsity athletics, Ed Jenkins, Virgil Hull, Alan Larimer, and Bill Hemingway, four of our six representatives on the football squad, were lettermen. Two freshmen, Bob Boehnke and George Ward won numerals in cross country. The BK speedball team was hardly to be called spectacular, but the intramural cross country team finished second in the meet. One frosh basketball player, Herb Dornbush, won his numerals and an intramural basketball team of the "spoiler" species represented the fraternity in intramural competition.

The wrestling tournament crowned three Beta Kappas champions: Alan Larimer, Virgil Hull and Ed Jenkins, while Weldon Riddell was a runner-up. For the second time the indoor track championship fell into our laps as Ed Jenkins, "the one man track team", annexed two victories as well as running anchor man in the relay team. George Ward, Weldon Riddell and Al Larimer also added figures to the total score.

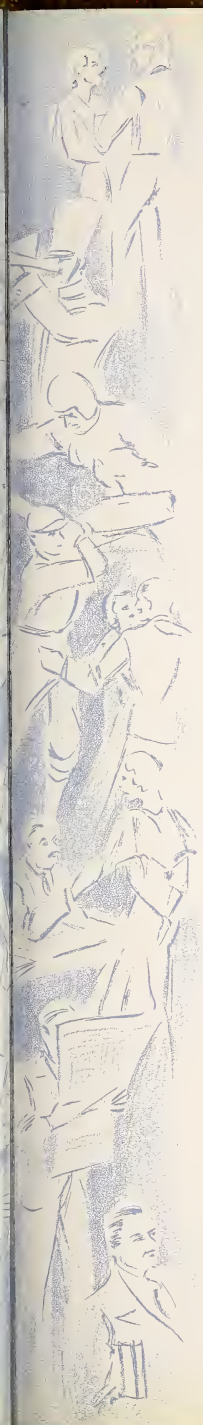

At the present time BK is represented on the baseball squad by Bill Hemingway, Kenneth Alban and Henry Haas, and on the track team by John Gibbud, Al Larimer, Ed Jenkins and Don Riddell.

Kenneth Alban was recently elected to the M. S. G. A. board of music control, and John Turnbull is the "Denisonian" press-agent for "D" Association.

Throughout the year the chapter held open houses and entertained at several formals for the gratification of the wimmin, even venturing one serenade. Several brotherhood banquets and a number of Sunday afternoon sessions with various professors have endeavored to build up fellowship. Beta Kappa has the distinction of being the first fraternity on campus to abolish "hell week" of its own initiative.

Five men were initiated in February, and we lose but one member this year by graduation. We believe we have established ourselves more firmly on the Denison campus, and with our scholarship standing raised from last place to third in the first semester, with our chef Jake, the Port Clinton "man mountain", rustling grub for us, we hope to attain greater heights to the tune of "Save me a place in Beta Kappa".

Sororities

Contrary to popular conception, the life of a sorority girl isn't all a matter of Dates, Dances and fraternity pins. Scholarship and activities enter into the picture as well.

ALPHA TAU CHAPTER

In 1930 Alpha Tau Delta, a local social sorority, became Alpha Tau chapter of Alpha Omicron Pi. This national sorority was founded in 1897 at Barnard College. There are now forty-two chapters in this country and two in Canada.

Five members of Alpha Tau chapter went to the district convention of AOΠ. held at Miami last September. Nine also went to the Ohio State Day held in March at Dayton by the Dayton alumnae.

There are in the chapter at the present time, twenty-nine actives and nine pledges. Rebecca Mathews has been the president for the past year. Other important officers were: Vangeline Cook, Vice-President; Dorothy Fuller, Treasurer; Miriam Sears, Corresponding Secretary; Mildred Hudson, Recording Secretary; Dorothy Hartshorn, Rushing Chairman and Mildred Hull, Social Chairman. Rebecca Mathews has also been serving as President of Women's Pan-Hellenic Council. Mildred Hull is to be next year's Chapter President.

The chapter has carried on social activities similar to those of all the sororities on campus. They have included rush parties, regular Sunday night suppers, teas, banquets, "open-houses", and informal and formal dances. Several of these occasions have been held at the Granville Inn.

The chapter has donated money for the ΟΔΚ shelter house, and for the local fund for lunches for school children, as well as carrying on its national philanthropic project. It has sent to the Kentucky mountain welfare workers four hundred pounds of books, money for children's shoes, and yarn and material for sewing classes.

The members of Alpha Omicron Pi have also been active in all the other organizations on campus. Twenty-six girls of the chapter are members of W. A. A., three were on Board, and two were on Outing Board. Lucille Perry, President of W. A. A., is an ΑΟΠ. Twenty-seven members of the chapter have been active in Y. W. C. A. Five of these served on Y. W. C. A. Cabinet. Three members of the chapter have been on W. S. G. A. Other members may be found as officers and workers of practically every organization and honorary on campus. The chapter is especially proud of its new junior ΦΒΚ, Dorothy Fuller.

We hope that next year may be as happy and successful as this year has been. Looking ahead we think it will be.

BETA KAPPA CHAPTER

Undoubtedly the two most outstanding events of the year for Beta Kappa chapter of Alpha Phi were making the highest scholarship average on campus and the highly successful Christmas party.

Along with the scholarship average came the Intersorority scholarship cup as well as second honors in the national organization. When ΦBK elections were announced, four of them were Alpha Phis: Muriel Detwiler, Eleanor Thomas, Lela Thuma and Ellen Wadsworth.

In campus offices, the list is headed by Jane Gregory, President of Women's Student Government for the coming year; Grace Broughton and Mary Besemer, junior members on judiciary, of the same organization. In W. A. A., Mary Besemer is head of archery, and Grace Broughton, head of tennis. Virginia Beck is Recording Secretary of Y. W. C. A.; Phyllis Beck, Publicity Chairman and Ruth Jane Porter her deputy. Lela Thuma was manager of the Glee Club and aided in planning the extensive tour undertaken by the club this year.

ALPHA PHI

To go back earlier in the year, following rushing and the pledging of nineteen girls, Founder's Day was celebrated. After initiation, a banquet was held with Rho chapter of Ohio State University.

Then the Fall party and on St. Patrick's weekend the pledges' formal dinner dance, next came the Spring formal, which is always special because of the terrace for moonlight talks.

Of course the Old English Christmas party complete with roast pig, blazing plum pudding, and Dr. Shaw to carve the pig is the social event of the year.

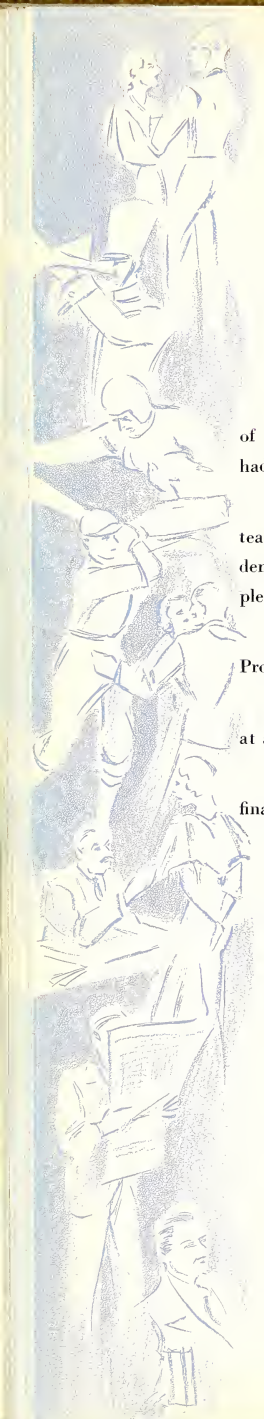

That party is only one of several charming customs built up by the Tri Phi local group from 1922, when they received their local charter, till 1930, when they were accepted by Alpha Phi. In those years they not only gained social recognition, but acquired a building lot and built the house, the only one on the campus designed and built for a sorority house.

It is a tribute to the Tri Phi girls that their efforts were successful enough to attract the attention of as old a national as Alpha Phi whose conservative policy has limited the chapters to thirty-five in the United States and Canada.

BETA DELTA CHAPTER

Beta Delta of ΑΞΔ has enjoyed a highly successful year under the leadership of Marjorie Gage, President. Our membership has been increased and we have had many good times with each other.

During rushing season we entertained with a breakfast at the house and a tea dance at the Granville Inn. Mrs. Grace Carlson, National Second Vice-President, was present at the tea dance. On October 8th, eight lucky girls became pledges of ΑΞΔ.

On November 16, 17 and 18 we were paid a visit by Mrs. Helen Howard, Province President, who offered many helpful suggestions to the chapter.

On the ninth of December our pledges entertained the pledges of other sororities at a tea given at the chapter house.

Our sorority debate team went to the prelims, but was eliminated in the semi-finals.

April 15th, 16th and 17th were set aside as days of mourning for the death, in May, 1934, of one of our founders, Mrs. Eliza Curtis Everton.

On the 17th of April a banquet was held at the Granville Inn in commemoration of Founder's day. At the same time, Marguerite Dilley and Agnes Mally were initiated.

On April 27 and May 4, we did our part toward entertaining sub-freshman guests and on May 11 entertained Alpha Xi mothers who came to Granville for the annual Mothers' day festivities.

All of the members of Alpha Xi Delta have enjoyed their associations with each other during the past year and are anticipating an even more successful year next year.

DELTA GAMMA CHAPTER

Because Delta Gamma is merely a page in the volume of National Chi Omega, she is constantly striving toward a higher and more cooperative goal. This page contains several important paragraphs, and vocational interest is the theme of the first. The past year has seen actives and pledges grow interested in planning their future lives. Through round table discussions, led by faculty speakers, an interest toward a definite goal for the future has been created.

The next important paragraph stresses the value of Social Sciences in a well-rounded life. Sponsors of an annual prize awarded in the field of these sciences, Chi Omega does her bit towards creating an interest in modern day problems. This prize of $25 is awarded to the woman who submits the best paper in this particular branch of learning. The award for 1934, judged by a committee of faculty members, went to Jean Ewell.

Another important paragraph of Delta Gamma is active interest in campus activities. The past year has seen Esmah Orcutt as wielder of the W. S. G. A. gavel, and Elberta Smith will carry on this work for the year 1935-36, in her role of Vice-President of this organization. W. A. A. Cabinet, Y. W. C. A., as well as other honorary societies find Chi Omegas prominent in their work.

CHI OMEGA

In an endeavor to create interest in Scholarship, Delta Gamma has composed an entirely new tradition this year—that of awarding a ring to the pledge who makes the most improvement at the semester grades over those of nine weeks. This year Marie Aimee Hall wears the token. Active Chi Omegas find inspiration in working toward a goal of getting their name engraved upon a Scholarship plaque.

The paragraph which appeals to most readers is the one that is devoted to Social life. Chi Omegas are often hostesses in their little white house newly refurnished through the generosity of the Alumnae Chapter. Some unique parties were an Astronomy dance, a Gingham formal, a Golf Breakfast, a Scavenger Hunt, and others.

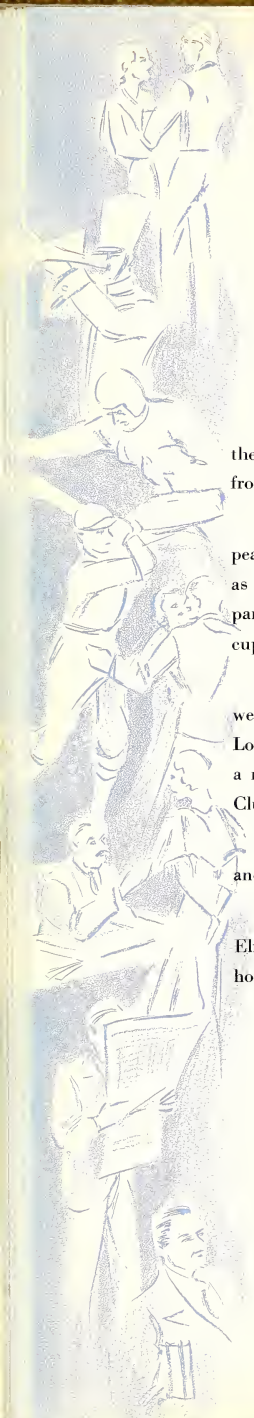

It is interesting to note the distinction the Chi Omega volume as a whole has achieved: it has erected a large Greek Theatre at Arkansas where Chi Omega was founded; it possesses more wealth in the form of chapter houses than any other sorority; it is the only National Woman's Fraternity; it has not lost a single chapter during the depression; it sponsors an Achievement Award, given to the woman outstanding in her particular field; it finances a research project bi-annually; it is the largest woman's Greek Fraternity. Reading the last sentence on the Delta Gamma page, we see that she is the only Greek sorority on campus that has been national from its founding.

DELTA CHI CHAPTER

Let us say that the year began in September when Peg Pickrel crawled through the window on the side porch to unbolt the front door, the key not having returned from vacation.

After several weeks of rushing which included a Dutch luncheon and a formal pearl dinner for the rushees, nineteen girls were pledged, electing Barbara Walthour as their President. Following patient coaching and anxious nail-biting on the part of Dorothy Smith, the frosh debaters annexed the inter-sorority debate cup, defeating the Chi Omegas in the finals.

Elinor Eschman, Jessie May Vanderbilt, Mary Spring and Joan Guthridge were chosen for the women's glee club, and Jessie was initiated into Delta Omicron. Louise Toren was elected President of Freshman Y. W. and Libby Hix was made a member of ΣΔΠ, national Spanish honorary, and is the President of Spanish Club.

Dorothy Smith played a part in the Masquers production, the "Double Door", and was one of the four prize winners in the annual poetry-reading contest.

Betty Marquardt and Mary Morrissett were initiated into Phi Society, and Elinor Eschman, Charlotte Rogge and Louise Snyder were listed on the freshman honor roll. Peg Huston was elected to Phi Beta Kappa in March.

Four of the nine candidates for May Queen were Tri Delts: Shirley Mae Evans, Thelma Harrison, Mary Ellen Robbins and Ida Roudebush.

Fall and winter formals, as well as the pledge formal in February were given at the chapter house, and the spring formal, a dinner dance, was held at the Granville Inn. This year the chapter screwed up enough courage to face the faculty ex-cathedra and invited them to tea.

Important additions during the year were five fraternity pins, three pairs of Oxford glasses, a new library, and the paint on the chapter room floor.

BETA TAU CHAPTER

In 1870, four girls—Bettie Locke Hamilton, Betty Lipton Lindsay, Hannah Fitch Shaw, Alice Allan Brandt—founded KAΘ at DePauw University, Greencastle, Ind. Embodied in their ideals were the three-fold goals for which we aimed this year:

1. Intellectually, Theta stands for high scholarship and real intellectual culture. During this past year our goal has been to maintain that ideal, since it will not only aid our education, but also help to keep the superior intellectual achievement of Denison University.

All over the country Theta chapters are instituting "Theta Libraries" in their houses, which is in reality another step toward enrichment of the intellect. Each girl has contributed a book to our library along with the alumnae and several authors who have sent us autographed editions.

2. Socially, Theta strives to develop leaders in the best type of social life. As an aid to this our alumnae have helped us this year realize a plan for which we have worked several years. Our house has been remodeled and made more adaptable to the size of our chapter. As a result it will be possible for us to hold a Chi-Psi-Theta convention following the close of school. To maintain the old traditions of Denison, to promote sociability and the "hello" scheme is ever foremost in our hearts. Cooperation with both the intellectual and social life of the school is necessary for fraternity progress. But this program would be futile without the last of our threefold plan.

3. Spiritually, Theta develops a bond of love and sisterhood based on fine individual character which makes Thetas everywhere friends ready to help one another.

KAPPA ALPHA THETA

(*Written by a staff member.*)

This year, with the addition to the house, the Thetas entered into their social program with renewed vigor. With the added floor space for dancing, the Fall, Winter and Spring formals, as well as the periodical victrola dances were especially enjoyable. A Tea dance in the Spring added to the social menu.

Jean Lindstrom, Chapter President, led the chapter through a successful year in activities. She was especially active in Musical circles, serving in the Glee Club and the Chapel Choir. She sang the only woman's role in the ΔΦΜΛ operetta, "La Serva Padronna", by Pergolesi. Viva Barton, President of ΔΩ, women's musical honorary, presented the first graduation recital of the year on the 17th of April.

Katherine Kelly and Constance Addenbrooke served on the W. S. G. A. Council and Louise Wagner handled the finances of the organization. Mary Jane Bryan, Eleanor Green and Constance Addenbrooke were active in W. A. A., serving on the Board. Ruth Orcutt, also active in women's athletics, served on the Denisonian staff as editor in that department.

Gladys Merchant, Carolyn Ashley, Sally Menual and Hazel Phillips brought honor to the chapter by being elected, this spring, to ΦΒΚ. Harriet Herron was elected Y. W. President this spring.

Next year the Chapter is looking forward to another successful season under the leadership of Katherine Kelly, newly elected President, who also was elected to the Vice-Presidency of the Senior class.

GAMMA OMEGA CHAPTER

(Written by a staff member.)

If the criteria of a successful sorority is size, ΚΚΓ, is No. 1 sorority on this campus. The Kappas came through with the goods last fall when they ranked all women's groups with a strong pledge class of twenty-one freshman.

The Kappas' social season started last Fall with their annual Fall party. At Christmas time, the Kappas entertained with a formal Christmas party and in the Spring, a formal Spring party proved very successful.

The Kappas are very active in campus activities. Ruth Ford, newly elected Chapter President, has served as a class officer almost continually since her freshman year. Sally Marr has been very active in dramatics, taking all honors this fall for her performance in "The Double Door". She also is very active in Musical circles, is a member of ΔO, the Women's Glee Club and the Chapel Choir.

Serving as a medium for supplementary study in Spanish, El Circulo Castellano invites underclassmen especially interested in the study of the language to membership. Professors Thomas R. Wiley and Dewey F. Amner served as faculty members for the past year.

Election of new officers this year brought the following into office: Elizabeth Hix, President; Mary Besemer, Vice-President; Patty Gravett, Secretary and Ed Wick, Treasurer.

Bottom Row—Hartshorn, Merchant, Phillips, Bibby, Morris, MacNeil.
Second Row—Erb, Nesbitt, Madill, Ewell, Darrow, Lapham, Newton.
Third Row—Tharp, Hudson, Roudebush, Robins, Bird, Chatten.
Top Row—Arnold, Elliot, Collyer, Hagerstrand.

FRANCO-CALLIOPEAN

The name Franco-Calliopean, was coined from the two words Franklin and Calliopean. The Calliopean Society, named for the muse of epic poetry was founded in 1836.

The Franklin Society, named for Benjamin Franklin was founded in 1840.

On the records of both societies are names of distinguished members and honorary members; such names as Daniel Webster, Washington, Irving, Longfellow, Henry Clay and others.

These were discontinued and it was until 1926 "The Literary Club of Denison University." Very soon they decided to combine the names of the two former organizations and continued under the name of the Franco-Calliopean Society.

Bottom Row—Zimmer, Dr. Ebaugh, Freeman, Casper, Payne, Prof. Everhardt, Gregg.
Second Row—Snyder, Bordner, F. Doughty, White, Stewart, Walker.
Top Row—Smith, Foster, Sweeder, Haas, Parr, Warner.

CHEMICAL SOCIETY

The Denison Chemical Society, an honorary organization, was founded October 15, 1909. Election to the society is based on scholastic achievements. Its members are those who have completed one year's work in the Department of Chemistry with a satisfactory grade.

The programs are planned to give a broader view to the field of chemistry, and its application to industry, the other sciences, and to every day life. The members have additional opportunities for extra-curriculum and advanced work in both the practical and theoretical fields of chemistry.

At the regular meetings of the society, which come every other Tuesday, members give talks on different phases of the field of chemistry.

The initiation ceremonial of the Chemical Society is the most unique and well-organized of any of the various departmentals.

ENGINEERING SOCIETY

One of the most active of Denison's departmentals is the Engineering Society. Membership is composed mostly of Upperclass engineering students and the meetings, held every other Tuesday, are for the purpose of further study in engineering.

This year the program included moving pictures from the General Electric Company which proved very educational and interesting. Members of the society filled out the programs by presenting talks on Engineering and Physics.

The Society has planned a rather extensive Vocational program for the year 1935-36 in an effort to further carry on the work of the Engineering department.

Founded in 1904, the purpose of the group is to conduct a more intensive study into different phases of modern engineering, not covered in the class room. The membership in the organization is elective which makes the group more or less of an Honorary.

The officers for this year were as follows: President, Robert Taylor; Vice-President, Frank Hollingsworth; Secretary, Ray Isenhart; Treasurer, Elwood Wells. Professors Greenshields and Smith serve as faculty advisors for the group.

Bottom Row—Austin, Isenhart, Smith.
Second Row—Clark, Wilkinson, Hollingsworth, Glass.
Third Row—Wells, Dyer, Dudley.
Top Row—Prof. Greenshields.
Missing—Robert Taylor.

Bottom Row—Rice, Sears, Ware, Mather, Beyer, Binder, Miss MacNeil.
Second Row—Gross, Latter, Ault, Jones, Punnett, Wong Gem, Mrs. Dudrow.
Top Row—Smith, Giffin, Scipione, Jensen, Prof. Amner, Dudrow.

COSMOPOLITAN CLUB

The Cosmopolitan Club fills one of the greatest needs on the campus. It brings together in its membership all foreign born students, and others interested in destroying false racial distinctions. In this way, the Cosmopolitan Club, fulfills a tremendous need on the campus.

The object of the club is to promote the spirit of universal brotherhood among students of all nationalities. Their motto is: "Above all nations is humanity".

Those eligible for membership in the club are foreigners who have come here to study, Americans who were born in foreign countries or of foreign parentage, and any others who are greatly interested in foreigners and the lands from which they come.

The meetings are made interesting by the first hand information of Denison's cosmopolitan students. In this way the foreign students feel more at home in America and become an integral part of the life of the Denison Campus.

The Denison chapter is a member of the National Cosmopolitan Club.

Y. W. C. A.

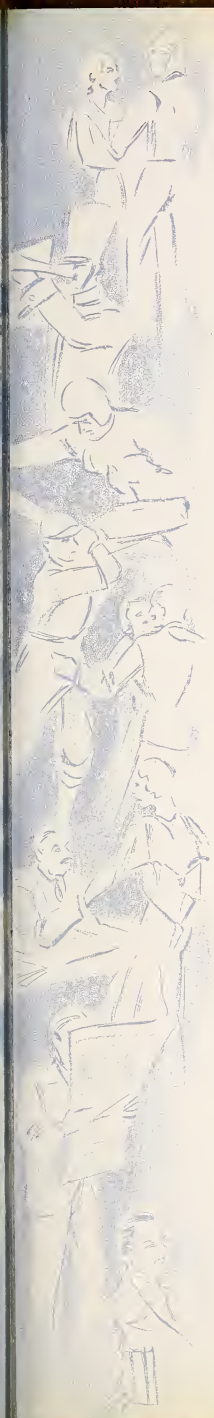

In accordance with its purpose "To promote the Christian spirit on the campus, to realize a fuller and richer life and to be a source of inspiration for higher living on the campus", the Y. W. C. A. at Denison has been very active during the past year. During September, YW was host to all the freshman women at a tea given in Stone Hall where it urged them to join the organization.

The YW also joined with the M. S. C. A. in sponsoring the week of prayer, featuring Rev. Poteat, which proved to be a week of blessing for all who attended the chapel services.

MATH CLUB

The Mathematics Club founded by Dr. Forbes B. Wiley has the distinction of being the oldest departmental on the hill. The purpose of this club is to bring to the student a knowledge of those topics which are seldom brought up in the classroom and to give them the privilege of hearing prominent mathematic authorities, members of the faculty and members of their own student body. This group has all the outstanding math students on its roll and at their meetings the exchange of information and the making of friendships among those interested in the same things makes this group one of the more important departmentals on the Denison Campus.

LEADERSHIP • • •

- To win and consistently hold a place as the recognized leader of school annual printing, has been the record of Rogers Printing Company since its beginning in 1908.

- That we have, during a period of 26 years, successfully produced over 700 annuals for schools throughout the country, attests our ability to completely satisfy the most discriminating Year Book Staff.

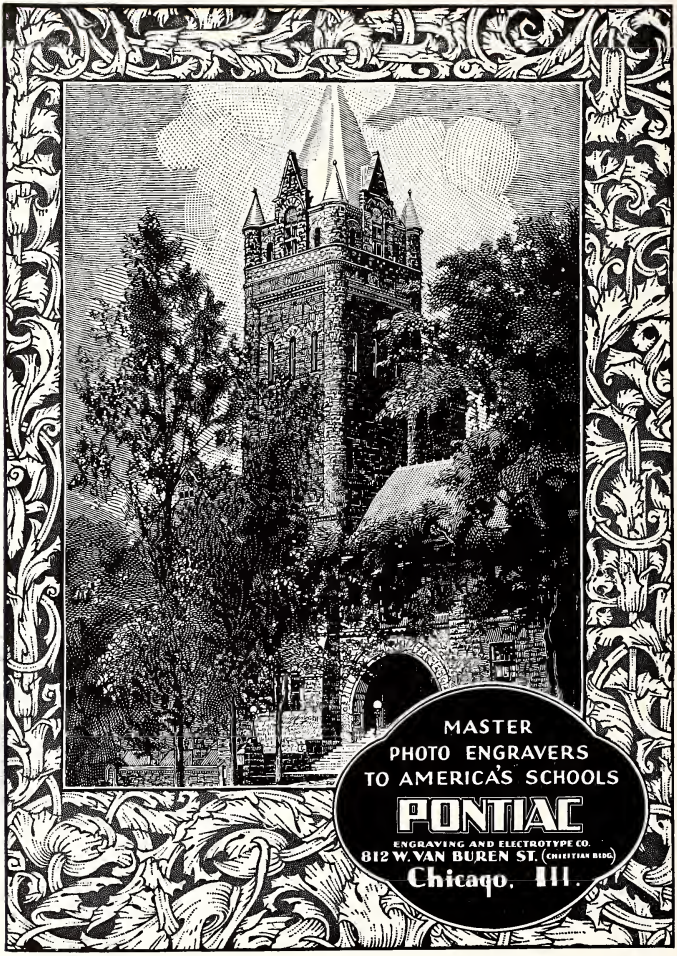

- New ideas, coupled with the knowledge and experience gained through a quarter of a century's service, insure the school who chooses a Rogers' printed book, of ideal pages "From Start to Finish."

- We are proud that the staff of this book entrusted its printing to our organization and we herewith present it as an example of our work.

Alice in Wanderland

By Homer Bust

Fiction

Little Alice

Little Alice, cute, brown and plump, tipped the scales at 200. She stepped out one bright September morning for a bucket of suds for her brother. On the way to the slaughter house she sat down on an overturned garbage can to philosophise.

The sky was bright blue and cloudless and the long road from Newcomerstown to Granville shimmered in the afternoon sun. Little Alice rubbed her eyes. The bucket, empty save for a few wisps of creamy foam clanked against her elephantine flanks. "Oh where can I be?" she lisped. Just then a high powered motor car screeched to a stop twenty yards down the highway. Ten minutes later Alice was standing breathless at its side.

"Who are you, little girl?" the speaker was a handsome fellow fully twenty years old. He was lithe and dark and handsome and his needle-like nose wrinkled in the afternoon haze. "Geez, you're handsome!" mumbled little Alice.

"I am Black Sam," went on the handsome stranger, ignoring the pretty compliment. "Who are you?"

"Some folks calls me Alice, some calls me Champie!"

"Going my way, you little d....l," the handsome fellow said.

"H....k yes," murmured Alice, blushing prettily.

"Well hop in and shut your trap, I'm off to college!" said the one called Black Sam with the Needle Nose.

"I'll flatten that hard head of yours you d....n little n.t, you!" A large ogre with pink hair and the build of Tantor, the elephant, was tapping Alice on the head with a ten pound sledge hammer. A Bull-Frog fully six feet tall was chuh-gunging in laughter, holding his sides in mirth. Suddenly the cast iron head of the sledge hammer shattered in bits and little Alice awoke.

(Continued on page 196)

The lean stranger was nowhere to be seen, but Alice was still seated in the tonneau of the powerful Auto-mobile, clutching her pail in her grimy little hands. As she rubbed her eyes and looked about, she saw a tremendous pile of stone with smoke coming out of a chimney. As she watched the chimney blew a smoke ring and b....leched. "Pardon me," said the chimney, this gambrinus is awful!"

Alice was terrified, so she started to run away. Just then a queer man with a hooked nose that was six inches long came up to her.

"Why bless your dirty little heart!" said Os....nd. "Where are you going?"

"I'm fine," said Alice, "Where are you going?"

"Why this is my day to count votes" said the Nose, "won't you come along? You see, we have to stuff the ballot box, so the Den....ian can have comething to editorialize about!"

So the two little cherubs walked toward the huge pile of stone and sure enough, there was a tiny door in the front.

Chapter 2

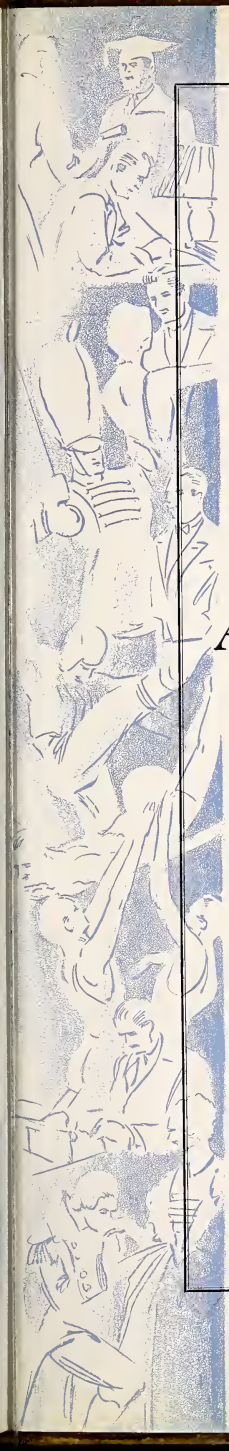

Seven years had passed since Alice first walked through the door of the stone pile and now she was no longer taking buckets of foamy milk to her brother she still had the bucket, but she drank the milk herself. But Alice never could accustom herself to the strange sights she saw.

One day she started off to class with her bucket under her arm but she chanced to go in the wrong direction and she didn't notice as she passed a square brick house and a queer looking cement grain elevator. She kept on until she toddled up to the door of a tumbledown garage.

As she stepped inside a strange creature with the head of a duck and the torso of a lamb brushed past her. There was a little zipper on the putty like beak

of this creature. "Taxi, Taxi!" it quacked. And then Alice saw that it had a chauffeur's cap and was heading for a car out in front. "What kind of a Car have you got there?" lisped Alice. Suddenly forty strange creatures called Woogies, who lived in the house, gasped and groaned and rolled on the floor, seemingly in great pain. "One more pun on Car and I lay no more aigs!" croaked a strange creature with a bill like a pelican or a penguin.

"Slittee thloatee, makee nother plun on Car!" squealed a little chinaman. Seeing she had committed a faux pas, little Alice bolted for the door, with a large shaggy dog, called Rover R....p barking at her heels.

As she tore for the stone pile, Alice saw a strange scene in the big grain elevator next door. A man in the uniform of a fire chief, with a head like a billiard ball was playing tunes on another fellow, whose mouth was a real piano keyboard with sharps and flats.

At the brick house Alice saw even a stranger sight. A fellow was lying on the front yard weeping bitterly while ten other boys were raking leaves out of his hair, his clothes, his ears. "Certainly this is no place for me," whispered Alice, "I am going to class and listen for bright sayings." For Alice remembered that one particularly bright pupil had earned two dollars by staying awake in Prof. Skipp's class, that memorable he said, "College is a great fountain of knowledge and we all came here to drink!"

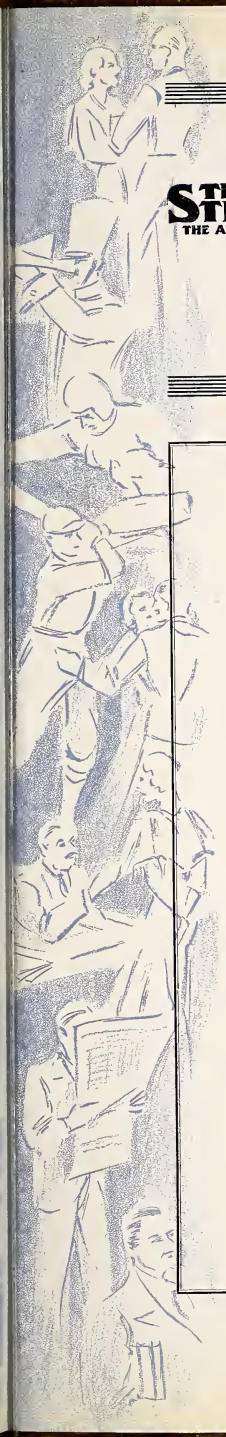

Chapter Meeting

Three years later, Alice became a full fledged freshman and had to wear a freshman cap on chapel days and learn the college yells and songs. As she sat in the bath tub musing over the excitement that comes with the rush of the first day, she tried to think what she liked best.

"I think it is the college song," mused Alice. "Maybe it is the food at the sem, or the chapel services. No, I'm quite positive, its the songs, there's something so inspiring, something that just sets me n..ts." and here Alice hummed to herself the alma mater song—

ALICE IN WANDERLAND—Continued

"Get out your old silver goblet,
With the "Den....on upon it,
And we'll open up another keg of b....r,
For its not for knowledge that we came to college,
But to raise h....k while we're here!"

Softly she hummed it over to herself and a tear came to her eye and a lump in her throat (it was the noodles she had at the sem) and then she cleared her voice and sang with all the golden glory that was Lily Pons till the ceiling fell down and the bathtub melted.

Hopping spryly out of the ruins she dried herself daintily on the parlor rug and sank down on the piano for a cigar before dressing for the Kappa tea party.

The Kappas called at Four. Alice was to be the only rushee, because they couldn't borrow any more tea cups. As the gay group romped down Broadway, pausing now and then while Alice picked up half smoked cigar butts, envious coeds turned to look and whispered excitedly among themselves.

The tea was a huge success when Alice made all feel at ease by taking off her shoes and playing on the piano with her cute little tosies.

The Thetas had contrived a tea dance in Alice's honor. All the refreshments were gone when she and her date got there. A charming Theta with seven fraternity pins on her chest welcomed Alice. "I'm sorry that all the grub is gone," said J....t T....s. "How come?" growled Alice. "These d....n Betas ain't got no decorum!!" said J....t. "Why then, did you awsk them?" queries Alice. "Because they are all we can get, none of em ever heard of a tea dance!"

The Alpha Xi's got Alice a date with King Boutwell, but when Alice heard of his being engaged she was mad at the Alpha Xi's.

SOCIAL CLUBS

••

THE GRANVILLE BICYCLE CLUB

This splendid organization, composed entirely of men, devotes its meetings to discussion of current problems and World News. Meetings are held irregularly, and the discussions are open to all. Every Spring, an annual Bicycle Club picnic is held, and at that time, new members are initiated into this growing organization. During commencement week, alumni members are entertained at another picnic. The gavel was wielded this year by the Count, who ably conducted the activities of the group and did a great deal toward realizing the high ideals set forth by the founders.

PI IOTA TAU

Pi Iota Tau is a group of young stalwarts, whose purpose is "to further an appreciation of the wonders of nature and the great out of doors". To this end, numerous picnics are held in the spring. Both men and women are eligible for membership and founder's day, which comes on the first of May is usually chosen as the time for the first picnic.

Founded on such high ideals, the group has done a great deal toward establishing a back-to-nature movement among the students. The organization was under the leadership, this spring, of one of the oriental students, Doc Fu, who managed the year's program with a great deal of finesse.

THE MILITIA

The Militia is a non-partisan, non-sectarian, group whose purpose is to protect the school from Communism and the evils of capitalism. Commanding Officer for the year was the General Jas.; Corporal William Studd is a frater in facultate.

EPITAPH

Now that this book is all washed up, it is our duty to express our apologies, condonances, congratulations and all that. This is for the sole purpose of filling up this page, but there is a certain necessity about it all which justifies it.

In the first place, may we say, "We are sorry, sincerely sorry," to those of you whose name we have misspelled, whose picture, we have omitted, or whose dignity we have hurt. There are several fraternities and one sorority who failed to submit to us their write-up and the chances are that they will not be too flattered by the one we wrote instead.

Our congratulations to Engraver, Printer and Photographer, for being able to produce, in spite of the gross stupidity of the editor.

Apologies for this advertising section. The little story about Alice is supposed to be humor.
